AN AMERICAN MP stands guard outside the gate of compound 76, the Koje Island prison camp where Brig. Gen. Francis T. Dodd was kidnapped and later released by Communist POWs. Dodd, along with Brig. Gen. Charles Colson, his successor as camp commander, gave a secret report to Gen. Mark Clark, U. S. Far East commander. (International Radiophoto)

Clark Says Deal With POWs Off 'Invalid'; Reds Due To Howl

TOKYO, May 15—(AP)—Gen. Mark W. Clark Thursday repudiated the much-criticized "Colson agreement" with Red prisoners of war on Koje Island. "It has no validity whatsoever," Clark said.

The United Nations commander said Brig. Gen. Charles Colson, temporary prison camp commander, since removed, had no authority to "accept any of the vicious and false charges" made by the Reds.

Colson signed the statement to win the release of Brig. Gen. Francis T. Dodd, former prison camp commander. North Korean prisoners held Dodd hostage 78 hours last week. Communists are now using the agreement for propaganda in truce negotiations.

The Colson agreement, under which the POWs released Dodd Saturday night, is under heavy fire in Washington. The U. S. military command and some congressmen declared it implies the UN command treated prisoners of war in inhumane fashion. All echelons of the UN Command say this isn't so.

STATEMENTS which drew particular censure, and which North Korean Gen. Nam Il seized upon for new verbal attacks on the Allies in Panmunjom truce talks, were:

"Many prisoners of war have been killed or wounded by United Nations forces." Prisoners "can expect humane treatment in the future." "There will be no more forcible screening."

American authorities quickly stated: Prisoners have been killed only in riots instigated by the Communist prisoners themselves; prisoners have been treated humanely.

Meanderings

By Wash Fayette

I have often wondered why so many churches hide their organs in pits, small rooms adjacent to the choir loft, or behind the console of the instrument.

I know the rank and file of the music loving public is with me in wanting to see the performer on any musical instrument.

I have been in some large churches where it is impossible to see even the head of the organist, and in some instances the console of the organ also is completely hidden.

I have been in theaters and other auditoriums where consoles of organs are on rollers and may be moved to points where the organist may be seen to best advantage. Some are on lifts, and the organist and console are raised together so the organist may play as the organ console is raised or lowered.

Some of the more modern churches still hide their organists, and much of the enjoyment of their playing is lost.

Recently, I attended a recital given in a large church by an internationally known organist.

The console of the organ was completely hidden from view.

Knowing that the player on the "king of instruments" should be seen to be appreciated fully, the management arranged two large mirrors which reflected the keyboard and player and gave the audience an opportunity to see the performer in the mirror.

The recital was doubly enjoyed by the audience.

I would like to see organizations of organists take action asking that the consoles of organs be so placed that the audience may see the organist while he or she is playing.

It would be one of the forward steps toward better appreciation of the organ.

Move To Whittle Foreign Aid Bill Is Defeated

WASHINGTON, May 15—(AP)—Fresh from an initial victory, President Truman and his foreign aid program lieutenants are working to build a rampart of Senate votes against any further cutting of its billions.

Administration backers beat off a move to clip \$400 million from the \$6.9 billion total by a 7 to 6 vote Wednesday in the Senate

Armed Services Committee.

Thus the bill, trimmed a billion from the President's original request for \$7.9 billion, returns to the Senate in the same form it went to the committee last Monday.

There was talk of a floor fight over further reductions, possibly as low as \$6 billion.

President Truman, in a serious-voiced discussion of foreign aid and

military funds Wednesday night, said:

"We are winning the Cold War, and I fear very much that if the Congress continues to follow the attitude that it has on this immensely important appropriation bills, we may lose it, and then these defense appropriations will look like a drop in the bucket."

Truman, who spoke at the annual

dinner of the Civil Air Patrol, was followed by Air Force Secretary Finletter and House Speaker Rayburn. Finletter told CAP members and their congressmen guests the defense program "simply will not bear cutting."

Rayburn said he was no alarmist but added: "I am not in a mood to be timid with my money or anybody else's when it means the de-

fense of this country."

But on Capitol Hill, Sen. Long (D-La.), who sponsored the \$408 million slash proposal, said he will renew his efforts on the Senate floor. If an expected move to telescope the bill to \$6 billion should fail, he said, he will offer his amendment again.

Sen. Taft of Ohio, a candidate for the Republican presidential nomi-

nation, said the Senate GOP Policy Committee discussed foreign aid Wednesday. Taft, who is chairman, said there was strong support in the group for additional trimming, although opinions differed as to how much. Taft has been asking for a \$2 billion cut. His chief political opponent, Gen. Dwight Eisenhower, has spoken against a cut in excess of \$1 billion.

M'CARTHY HEARING WARMS UP

Coil Truck Livestock Parking Lot Action Outlined by City Council

At the regular session of city council Wednesday night, the city manager was instructed to contact the Ohio Water Service Co. and find out about an engineer's report on the city water supply situation which was to have been made by Feb. 15.

The Coil livestock truck parking lot odor also came in for further airing.

It was recalled by council that water company officials, at a meeting with council several months ago, had stated that an engineer had been employed to make a complete survey here and report recommendations as to what should be done to insure an adequate supply of water. It was stated this information would be given to council when filed.

The report was to have been filed with the water company in February, it was recalled, but so far no word of the report has been received.

THE COIL TRUCK parking lot, which has been before council repeatedly for months, with no definite relief, was the first matter to get attention when some of the residents of the area again made complaints.

One of the complainants said that "it looks like if there is a law against it, then someone should enforce it." He said the odor can be smelled nearly all of the time, and that "we property owners were there a long time before the parking yards were."

During the discussion the following letter from Dr. Gordon E. Savage, health commissioner, was read:

"A comparatively simple situation—Coil's Livestock trucking lot—has been made needlessly complicated."

"The odor from the trucks used to haul livestock has not adversely affected the health of any one living in the neighborhood."

"Apparently there is no necessity for any legal action, since Mr. Coil has indicated willingness to cooperate in alleviating the condition. There are three possible simple solutions."

"Wash and give germicidal treatment of trucks somewhere else. Park only clean trucks on the lot."

"Discontinue parking trucks used for hauling animals."

"Secure a new location sufficiently far from any residence as to eliminate future complaints."

Copies also were sent to William Clarke, the president of council, and Samuel Coil.

PRESIDENT Clarke asked for some definite action on the complaints.

Councilman Ralph Taylor asked if it was the duty of council or the board of health to look after the complaints.

Councilman Roy Baughn said permission had been given Coil to build a garage on the lot, but not to park livestock trucks, he added, and Coil had agreed to clean all trucks off the premises.

Taylor said that it looked like the people had a just complaint, and favored definite action.

City Manager W. W. Hill sug-

gested that a resolution be adopted for Coil to have the trucks all cleaned off of the premises.

He also said that the zoning ordinance could be invoked.

Taylor mentioned the zoning ordinance enforcement as one means of relief.

Council adopted the motion to require the trucks be cleaned off of the premises.

E. W. DURLINGER of North Fayette Street, presented a protest signed by numerous residents of the Fayette-Paint Street intersection area, asking that the traffic light be left at the intersection, and not moved to another location as council had recently authorized.

The request was referred to the safety service committee.

Upon request of Attorney F. Scott Zimmerman, council directed the clerk to send a letter of protest to the Interstate Commerce Commission, against the trucking of explosives through the city.

Recently it was announced that large quantities of explosives would be trucked through this and other Ohio cities over a certain route, if the Interstate Commerce Commission granted the request.

City Manager Hill said such objection should be filed.

THE MATTER of making the alley one way from Hinde Street Street back to the alley at the Kroger Grocery building, was again brought up.

The matter was referred to the safety service committee, along with the proposal to make all of the alley west of the Kroger building, a one-way alley.

James C. Cummings, North North Street grocer, presented objections to abolishing all parking on the east side of North Street, and asked for parking space for three cars opposite his grocery.

The request was referred to the safety service committee.

The ordinance providing for (Please turn to Page Twenty)

Berlin Eyes Latest Soviet Highway Rules

BERLIN, May 15—(AP)—Russian and East German Communists needed the West in divided, surrounded Berlin Thursday with a partial resumption of their ban on Allied military highway patrols.

As worried Berliners contemplated what form the Communists' threatened peace contract would take, the Soviets without explanation again refused to admit the Allied patrol car from Berlin to the Berlin-Helmstedt express highway, the city's only highway link with the West.

The Russians lifted their six-day-old blockade Wednesday night shortly after a conference with the D. S. British and French military commanders. Thursday, although the patrol from Berlin was turned back, the patrol from Helmstedt entered the 110-mile autobahn without opposition.

Later, a British patrol car was admitted through the Berlin checkpoint. American officials expressed belief the earlier ban of an American patrol car was due to a misunderstanding and that the situation would clear up by nightfall.

Normal freight and passenger traffic, including military trucks, also travelled as usual, as they have throughout the blockade of the four-day patrols.

Driver Killed

ATHENS, May 15—(AP)—Carl M. Dunkle, 26, of Zanesville died Thursday of injuries received when his car overturned on Route 13 about eight miles north of here.

More Casualties

WASHINGTON, May 15—(AP)—Announced U. S. battle casualties in Korea have reached 108,413, an increase of 241 since last week.

Taft Lengthening Delegate Vote Lead Over Eisenhower

WASHINGTON, May 15—(AP)—The Taft-Eisenhower duel for Republican presidential-nominating votes was tilted Thursday toward the Ohio senator with delegate-seating contests looming as a possibly decisive factor.

Sen. Robert Taft apparently picked up 15 more delegate votes in Tuesday's West Virginia primary. The other one apparently went to Gen. Dwight Eisenhower.

The Associated Press tally of delegate strength now shows: Taft 364, Eisenhower 304. The tabulation is based on known and avowed alignments of delegates.

Nomination requires 604 votes and, in a close fight at the GOP convention in Chicago, a few votes could mean the difference between nomination and also-ran.

All or part of delegations with 75 votes are involved in disputes over rights to be seated at the July 7 convention. Delegates favoring both Taft and Eisenhower have been chosen in Georgia, Louisiana and Mississippi. Another scrap over Texas' 38 votes comes to a head at a state convention May 27.

It has been 40 years since delegate contests figured prominently in a national convention. Rules call for this procedure:

The national committee receives the dispute. Its decision can be appealed to the convention credentials committee whose report could be challenged by the convention itself.

Eisenhower's expected return from Europe, meanwhile, was tim-

Steel Union Due To OK New Demands

PHILADELPHIA, May 15—(AP)—The CIO United Steelworkers, their threat to launch a new nationwide steel strike a matter of record, appear ready to approve other demands: a union shop, repeal of the Taft-Hartley act, a national daily labor newspaper.

Steelworker President Philip Murray, who is also head of the CIO, held the union's OK to call a walkout of 650,000 steelworkers if the union cannot win a satisfactory wage increase.

The 2,500 delegates to the sixth biennial constitutional convention gave spontaneous and unanimous approval of the strike threat Wednesday as two top Truman administration leaders—Vice President Alben W. Barkley and Secretary of Labor Maurice Tobin—voiced strong support for the demands.

No date has been set for a strike but rank-and-file steelworkers, in angry attacks upon management, hinted the new shutdown might start—perhaps suddenly and without notice—should the U. S. Supreme Court void federal seizure of the steel properties.

Nurse Was Heroine In Bus Accident

LANCASTER, Pa., May 15—(AP)—A 21-year-old student nurse was the heroine of a near tragedy on the Lincoln Highway near here Wednesday when she grabbed the wheel of a careening bus after the driver had collapsed. She guided the big vehicle through a field to a safe stop.

The nurse, Mary Jane Bailey was sitting behind the driver, H. Edwin Smith, when he was stricken. She reached over his prostrate form and took the wheel as the careening bus left the highway, plunged between utility poles and through a farmyard fence. Four passengers were injured slightly.

New Chief Named

COLUMBUS, May 15—(AP)—George Brown of Youngstown Wednesday was elected president of the Ohio State Pharmaceutical Association. He succeeds Merrill J. Insley of Bellefontaine.

ed officially by the Pentagon. The Allied defense chief was sent formal orders to come home in late May or early June at his convenience.

The five-star general reverts to inactive status, stationed without command in New York City, he held the same status, before being recalled for his European tour, while president of Columbia University.

Douglas MacArthur, another five-star general stationed with-

1,000th Baby Born At Hospital Here

Announcement was made today (Thursday) from Memorial Hospital here that the 1,000th baby had been born there at 11:36 A. M., since the hospital opened two years ago on May 8.

The little tot was a boy weighing 9 pounds and 14 ounces. It is the son of Mr. and Mrs. Virgil McCoy who reside near Milledgeville. The McCoy's have four other children.

Mrs. McCoy is the daughter of Mrs. Joe Barton of Milledgeville.

Kentuckian Bucks Clinton Reserve Base

WASHINGTON, May 15—(AP)—Rep. Spence (D-Ky.) says he will do all he can to make sure the Air Force goes through with its original plans to set up a reserve training center at Greater Cincinnati Airport in Boone County, Ky.

The House Armed Services Procurement Subcommittee Wednesday recommended immediate withdrawal of permission given by Congress for the Air Force to spend \$2 million on a center at the Kentucky field.

The group at the same time urged that the center be kept at the Clinton County Air Force Base, Wilmington, Ohio, where it has been on a temporary basis since earlier this year.

"That air base is not going away from Kentucky if I can help it," Spence declared. Greater Cincinnati Airport is in his district.

The committee said it would be a waste of money to establish the base at Greater Cincinnati. It recommended that up to \$100,000 be provided for putting the Clinton County field in shape.

Hubby Prefers Mental Clinic

LONDON, May 15—(AP)—Ivy Wickens is a free woman today after getting a divorce on ground of desertion.

She told the court her husband had himself committed to a mental hospital shortly after their marriage, and for 20 years had refused to come out.

Early End To Oil Workers' Walkout Being Predicted

WASHINGTON, May 15—(AP)—Government labor officials are predicting an early end to the 15-day nationwide oil strike which is affecting the country's tourist trade and air service both here and abroad.

The Wage Stabilization Board decision Wednesday to allow up to 15 cents an hour in wage increases to 90,000 striking oil workers brought prompt and favorable response from the unions.

The proposed ceiling boost earlier had been agreed to by part of the strike-bound industry.

B. J. Schafer, vice president of the CIO Oil Workers International, issued a statement in Denver Wednesday night saying the CIO poli-

out command in New York, arrives in Lansing Thursday for his first visit to Michigan.

MacArthur, who disclaims any presidential ambitions, is to speak Thursday night to the Michigan legislature.

Among Democrats, interest was divided between Thursday's convention arrangements committee meeting in Chicago and Friday's primary in Oregon.

Party leaders huddling in Chicago over the July 21 convention will name a chairman and keynote speaker for the meeting and a committee to begin drafting a party platform.

Oregon voters, who name 18 Republican and 12 Democratic delegates as well as express presidential preferences, heard from three nominee-candidates and stand-ins for Eisenhower.

On hand in person were Democratic Sen. Estes Kefauver of Tennessee and Republicans Harold Stassen of Minnesota and Earl Warren of California.

Kefauver is alone in the Democratic popularity poll, which is binding on delegates. Republican preferential results will not commit the GOP delegation.

W. Averell Harriman, also seeking Democratic nomination as president, was endorsed in Washington Wednesday by George M. Harrison, president of the Railway Clerks Union and vice president of the AFL.

Democrats in Vermont elected a six-vote uninstructed and unpledged delegation Wednesday while North Dakota Democrats put off a decision on a slate of candidates for Congress and state offices.

Cops Stumped By Death Of Mystery Man

UPPER SANDUSKY, May 15—(AP)—Who killed Mr. X? That's what the FBI, local and state police want to know.

Somebody shot Mr. X in the head and blew his body apart with dynamite in woods near here. Police think it was a gangland killing.

A farmer who went to dump trash found the remains of the body scattered over a 200-foot area.

Police found four limbs almost intact, but the fingers were shaved in an apparent attempt to hamper identification.

But whoever shaved the victim's fingers did a clumsy job with a dull knife. Police obtained fragmentary prints and were checking them.

Elmer Wyss, who discovered the body on his farm, told police he heard an explosion last Thursday but found nothing when he investigated.

An Ohio State University pathologist described the victim as about 35, weighing about 200 pounds, with light brown hair and a short, stubby beard at the time of his death.

A check was started of weather bureau records for as long as they have existed. Dr. Langmuir said in all the recorded history of weather no similar pattern could be found.

Dr. Langmuir said he and a group of scientists found that whenever they seeded the New Mexico air on Monday, Tuesday and Wednesday, it had rained in the east on Friday, Saturday and Sunday—the lapse being the time it took for the seeded air to move across the country.

THE WSB REFUSED blanket approval for the shift differentials, but said they would be considered on their merits.

The union approval, among other things, averted a threatened shutdown Wednesday midnight of the Gulf refinery near Cincinnati.

The unions originally asked a 25- (Please turn to Page Two)

Ohioan Hands Probers Note Of Criticism

Question Raised Whether Senator Wrote \$10,000 Piece

WASHINGTON, May 15—(AP)—A witness cried "foul play" Thursday in a letter to the Senate subcommittee investigating the fitness of Sen. Joe McCarthy (R-Wis) to hold office. Later he said he had no intention of criticizing the group.

The letter, written by Clark Wideman, a Columbus, Ohio, real estate broker and friend of McCarthy, touched off a dramatic and unexpected round of testimony before the Senate Elections Subcommittee.

Wideman gave copies of the letter to Chairman Gillette (D-Iowa) and newsmen and then called abruptly to the witness chair.

Questioned sharply, he acknowledged the letter had been typed in McCarthy's office.

In the letter, Wideman wrote that he was "sickened by the attempts being made at this hearing to assassinate a senator's character and political career by innuendo and foul play."

SUBSEQUENTLY Gillette pressed him to say if he had observed anything in the hearings to indicate that the committee members had any desire to delay, color or distort the proceedings.

Wideman replied that "it was not my intention to make any statement in the letter embarrassing to the committee or criticizing the committee in any form."

He added that his criticism was directed only at the subcommittee (Please turn to Page Twenty)

Scientist Says Pattern Set For Rainfall

TUCSON, Ariz., May 15—(AP)—Dr. Irving Langmuir, Nobel Prize winning scientist, said he had created a nationwide pattern of weekly rainfall pattern over the entire country.

With experiments, he asserted, put the success of cloud-seeding beyond "valid doubt."

Dr. Langmuir, associate director of the General Electric Research Laboratory, is evaluating the results of a 21-month project which he said was sponsored by the Army, Navy and Air Force. His full report is to be completed next September.

A check was started of weather bureau records for as long as they have existed. Dr. Langmuir said in all the recorded history of weather no similar pattern could be found.

Dr. Langmuir said he and a group of scientists found that whenever they seeded the New Mexico air on Monday, Tuesday and Wednesday, it had rained in the east on Friday, Saturday and Sunday—the lapse being the time it took for the seeded air to move across the country.

Flood Control Refunds Ordered

COLUMBUS, May 15—(AP)—The Ohio Supreme Court Wednesday said directors of the Scioto-Sandusky Conservancy District were obligated to refund money paid by two counties for flood control work.

In 1934-35 Union County paid \$342 and Delaware County \$416 as their shares for preliminary work in the Central Ohio flood control project.

In 1947 directors levied a special property assessment and Delaware County collected \$626 and Union County \$513. Directors demanded the full collections from the counties. But the court said directors were obligated to repay counties sums advanced up to the time money became otherwise available.

School Picnics Time for Fun

Two City Schools Have Big Event

Wednesday was a great day for the boys and girls of the Eastside and Cherry Hill schools.

It was a great day for most of their parents, too.

And by bedtime, they were ready and willing to say goodnight, tired but happy and full of memories of the fun they had had.

MORE THAN 200 Eastside youngsters—all of them except the 56 in the two first grades—picked up the lunches they had brought to school with them and at 11 o'clock started the long trek across town to Gardner Park for a big picnic and afternoon of footloose and fancy-free fun.

More than 30 parents went to the park also, to lend a hand to the teachers and, more important, to join in the good time with their offspring.

At the park, the children gathered in groups by classes and sat down for their picnic lunch. The parents joined the groups with the teachers to make up five big happy picnic parties.

After lunch, there were two ball games, one made up of teams of players from the fifth and sixth grades and the other from players in the fourth grade.

The two games drew plenty of spectators from among the other boys and girls. Meanwhile, the others especially those in the second and third grades, ran races, played all kinds of games and took hikes around the tree-lined park and along the creek.

Four of the fathers were pressed into service as umpires in the ball games—Paul Rodenfels and Jack Knisley for the fifth-sixth grade game, while Eddie Kirk and Otis B. Gore handled the fourth grade game.

Mrs. Ruth Hanna Hopkins, the Eastside principal, said afterward: "We just had a wonderful time."

and the children were so thrilled to have their parents with them."

Dr. Marvin Rossmann, Charles S. Hire and Supt. Stephen Brown were the general purpose handy-men of the afternoon.

Mrs. Hopkins commented with a laugh: "...and you know, there was not one absence."

THE CHERRY HILL School picnic was more of a family affair. It was held in the evening with the parents joining the pupils for the supper.

Although the drizzle of rain spoiled plans for spreading the picnic supper under the big trees on the school ground, it held off long enough for the boys and girls to nearly wear themselves out at games and running harmscarum around the adults.

The youngsters and their parents started gathering around 6 o'clock. The parents gathered in little groups to visit and talk about their children and the school with the teachers while the children took full advantage of the natural setting to romp and run over the big tree-dotted grounds.

When supper time came everyone moved into the basement dining room where the picnic supper was spread out on long tables and served cafeteria style.

Mrs. Frank Baker, Mrs. Robert Helfrich and Mrs. Felix Halliday were on the PTA social committee to help the room mothers and teachers keep everything running smoothly.

John Sagar and Frank Baker almost missed their supper because they were kept so busy making coffee for the adults.

It was the biggest gathering of any kind ever held at the school, one of the PTA members said afterward.

These picnics were the first held by the elementary schools and they probably will become an annual event for school-closing time.

They were arranged to take the place of the annual May Day field days that were held for so many years for all the schools to get together at Gardner Park. The May Day affair was finally abandoned because bad weather interfered so often.

AUTOS DAMAGED
COLUMBUS — Sling shots have been used in damaging glass in hundreds of parked cars. Police are after the vandals.

Mainly About People

Mrs. William Bennett and infant son were dismissed from Memorial Hospital to their home on Route 5, Wednesday afternoon.

Mrs. D. E. Whitaker of London, was admitted to Memorial Hospital Wednesday afternoon, for surgery Thursday morning.

Mrs. John Huffman was released from Memorial Hospital to her home in Sabina, Wednesday after being a patient following surgery.

Mrs. Pearl Gilmore and infant son were released from Memorial Hospital to their home, 534 East Elm Street, Wednesday afternoon.

U. S. Stanley was taken from 629 East Paint Street to his home in Bainbridge, Wednesday afternoon, in the Gerstner ambulance.

Mrs. Loren Wharton of Atlanta, underwent surgery in Memorial Hospital, Thursday morning, after being admitted Wednesday afternoon.

Mrs. Harold Hough and infant son were discharged from Memorial Hospital to their home, 933 South Fayette Street, Wednesday afternoon.

Harold Reackir was returned from Grant Hospital, Columbus, to his home on the Creamer Road, Thursday. He is recovering from major surgery.

Frank Whiteside returned from Doctors Hospital, Columbus, to his home in Bloomingburg, Wednesday, after being a patient for observation the past few days.

Jerry Molloy was taken in the Kirkpatrick ambulance from the Minton Rest Home, South Fayette Street, to Memorial Hospital Thursday morning, for observation and returned to the rest home.

Robert Douglas Williams, five weeks old son of Patrolman and Mrs. Robert Williams, 329 East Court Street, was taken in the Gerstner ambulance to Children's Hospital, Columbus, Wednesday afternoon, for observation and treatment.

Mrs. Arthur Elliott, a former resident of this city, was taken from Bethesda Hospital, Zanesville, to her home, 1011 Willard Avenue, Springfield, Wednesday in the Parrett ambulance. Mrs. Elliott was painfully injured in a traffic accident near Zanesville Sunday. Mr. Elliott, who was with her, suffered only minor injuries.

cent pay boost; the industry offered 10. Two weeks ago the unions lowered their demand to 18 cents, and companies employing between 15,000 and 25,000 oil workers raised their offer to 15 cents.

The WSB did not recommend that the striking unions, which do their negotiation on a local basis, be given 15 cents across the board.

It simply said it would not approve more than 15 cents in any negotiated agreements submitted to it for an okay under wage stabilization policies. Except in extraordinary circumstances, the 15-cent figure is the ceiling.

Most oil workers now average between \$2 and \$2.10 an hour. The Federal Conciliation Service immediately ordered its regional directors to get local negotiations started again.

Whales, although they breathe air, can stay under water as much as 45 minutes.

Scouts Rehearse for Camporal

A CAMPFIRE ALWAYS BRINGS GOOD COMPANIONSHIP, especially if the fire is used to cook food. Explorer Scouts from Post 152 are shown above at Washington Park demonstrating how they plan to prepare food at the Central Ohio Council Camporal to be held May 23, 24 and 25 at the Delaware County Fairgrounds. The demonstrators from left to right, kneeling are Jim Moats, Randall Barger, Fritz Prosch, Jerry Donohoe, Bobby Grouse and Bruce McLean. Behind them, left to right are George Montgomery, Roger Chaney and Daniel Terhune.

Making fires by different methods and practice on some of the demonstrations that Scouts in this county will participate in at the first central Ohio council Camporal at Delaware, May 23, 24 and 25 were practiced at Washington Park Wednesday evening.

Boy Scouts from troops 152 and 222 and Explorer Scouts from Post 152 were there to try their skill at making a fire by various means and try to set a record on the length of time it takes to boil water over the side of a bucket.

The Explorer Scouts, a group of older boys, were present to help the younger scouts in their fire building.

One troop practiced an Indian dance it plans to give at the central Camporal at the Delaware County Fairground.

The fire-building projects will be carried on in competition against fixed standards with scouts from other counties in the district during the Camporal.

Instructing the younger scouts on the proper method for building a fire by the Explorer Scouts was part of their project of being of service to the different troops in the county.

There are at present nine troops in the county and about 85 boys

representing all or them plan to attend the Camporal.

A check sheet will be kept on the boys who attend the Camporal and scores noted for various tasks during the three days.

Such things as care in making beds, pitching tents, keeping equipment clean and neat are among the items to be scored.

There will also be competition on the kind of food prepared, table manners and tastiness of the food. Other competitive events will include first aid, rope tying and trail blazing.

4 Sailors

(Continued from Page One)

seamen were injured aboard the Angelina.

The ships crashed in the busy Chesapeake and Delaware Canal which accommodates ships of ocean-going size. The canal—a 200-foot-wide waterway—saves a long journey around the DelMarVa peninsula and Cape Charles for ships traveling between Baltimore and Philadelphia.

The missing men from the Hayes were identified as R. E. Oakes, New York, first assistant engineer; Wayland C. Ellis, Washington, St. Lawrence County, N. Y., second assistant engineer; Ole Ladee, Brooklyn, seaman; and George Carter, North Dartmouth, Mass.

Flames visible for five miles engulfed the west-bound Hayes soon after the collision.

At daybreak a column of black smoke rolled lazily over the Delaware countryside from the still burning tanker.

No one tried to put the fire out. Firemen were unable to get close enough to battle the flames. Mud banks and woods border the canal.

Forest Shade To Observe Event

Rural Life Sunday will be observed by Forest Shade Grange of New Martinsburg.

During Sunday forenoon members will attend services at the churches of their choice.

At 1 P. M. they will assemble at Grange Hall for a basket dinner, and at 2 P. M. go to the Methodist Church for a program.

Rev. Francis McCarthy of the First Baptist Church of Washington C. H., will deliver the sermon. Special music will be provided. The public is invited to the services.

**HEARING AID AUTHORITIES
TO HOLD CLINIC HERE**

Friday, May 16

If you feel your hearing ability is failing, be sure to come in and discuss your hearing problem with these highly trained hearing aid consultants. There is no cost, or obligation. Find out what your hearing loss is—if any—and what to do about it.

CHERRY HOTEL - WASHINGTON C. H., O.
CLINIC OPEN 10:00 A. M. TO 7:00 P. M.

Have your hearing tested on the latest electronic equipment. An American Medical Association approved AUDIOMETER will chart your degree of loss and a SELECTOMETER will determine with which of over 144 hearing aid combinations you hear best. No appointment necessary.

Clinic conducted by

Strike Effects Soon To Be Felt Here

Dealers in gasoline in Washington C. H. and Fayette County say that unless there is a settlement of the oil strike within the next 10 days the situation in this locality will be critical.

One service station operator who is in close touch with the general situation because of his connections, states that right now the demand for gas and oil from the rural districts is heavy because of the extra farm work now requiring this product. This is to be expected at this season of the year and at other periods through the summer.

Some type of action, legislative or otherwise, to settle the strike, must be taken soon or business depending upon oil will be at a standstill. Most people who are in touch with the situation, however, expect some agreement for a return to work by strikers, very soon.

So far as the public is concerned there seems to be an easy assumption that there will be a settlement before conditions become too serious.

However, suppose this strike is not settled for many weeks? The public imagination can hardly grasp the consequences to American life. There would be no real certainty about anything, including the essentials in many types of food, which most of us now accept as a matter of course.

The federal Wage Stabilization Board, now thoroughly discredited, made a bid for a settlement, apparently to no effect. If a settlement is not reached, President Truman will have his choice of taking some dubious action or invoking the Taft-Hartley Act which he tries to side-step and despises. That law would provide an 80-day injunction against the strike, with some chance of a settlement being reached before the expiration of that period.

Leaders of organized labor are determined to put wages as high as possible before Congress makes sweeping changes

in the controls system or passes new strike legislation. It may be helpful, too, in union labor's opinion, to cut petroleum supplies back, so that a developing oversupply situation is eliminated.

The throttling of America through industry-wide strikes is too strong a medicine for the country to swallow, dose after dose. The problem demands a solution, and it is up to Congress to supply the legislation to do it.

Tourist Air Travel

Among Americans of modest incomes gratifying a long felt desire to visit Europe has to be conditioned by two factors, time and expense.

There is another group of native Americans who have never been to Europe because of inability to spare the time, involving at least a week's steamship passage in each direction. To them should be added many citizens of foreign origin eager to see their homelands again.

With such in mind the Pan American World Airways has, with the approval of the Civil Aeronautics Board, inaugurated a tourist-fare clipper service between New York and London, and it will be operated 12 times a week in each direction in summer.

Ridiculous

It was revealed last week that the United States is now paying the French port fees of \$6 for every American officer, and a little over \$2 for every American enlisted man, who lands in France. These American soldiers are being sent to Europe, and land in France, for just one purpose—to help defend France and other Western European countries against any possible Communist aggression. Such a situation brings up the question of how stupid some of our top national leaders can get.

Laff-A-Day

"Well, then, how about a shine?"

Diet and Health

By HERMAN N. BUNDESEN

In medical science a cure is often found for one disorder while another is being treated. Such is the case with sweating of the hands.

A common drug, known as Bantline, has proved highly effective as a cure for peptic ulcer. Several patients taking this drug for peptic ulcer noticed that their hands became very dry during this type of treatment.

Has Drying Effect

Four women who had had excessive sweating of the hands and feet for a number of years, found that when they took a dose of this drug before doing strenuous work or going out in the evening, their hands and feet remained dry for a number of hours. The drying effects of the drug usually began within 40 minutes after it was taken.

Previously, many persons who suffered from excessive sweating could find relief only through a surgical operation in which the sympathetic nerves or certain nerves of the back were severed.

Veterans who suffered spinal cord injuries during the last war also complained of severe and uncontrollable sweating. Much of this is now being controlled by the use of Bantline.

Severe Eczema Treated
Severe cases of eczema, due to

excessive sweating, have also and the results have seemed somewhat miraculous. Not only was the perspiration reduced, but the rash disappeared rapidly.

Severe Eczema Treated

Severe cases of eczema, due to excessive sweating, have also and the results have seemed somewhat miraculous. Not only was the perspiration reduced, but the rash disappeared rapidly.

The only side effects from this drug were a slight dryness of the mouth and difficulty of urination. However, its good results have far surpassed the slight discomfort under a physician's direction.

QUESTIONS AND ANSWERS

R. Q.: Is uremia always fatal?
Answer: Uremia, which is caused by failure of the kidneys to act normally, thereby failing to get rid of the waste products of the body, is not always fatal. If the cause can be determined in many cases the condition can be relieved and the person returned to normal activity.

Fayette County Years Ago

Five Years Ago

Washington C. H. will have no swimming pool this year because of the high cost of materials; however construction costs are supposed to be down next year.

At five promotion ceremonies over the county within the next week, almost 150 county eighth graders will receive promotions certificates entitling them to enter high school in the fall.

The first airborne show to be held in the midwest, will be given at the Washington Airpark on Decoration Day. Miland Cal Denny, operators of the Denny Brothers Airborne Show, will present the performance.

Ten Years Ago

Safety essay winners are given awards; Virginia Ann Bidwell has best in city and county and gets \$50 in cash.

Only \$1,249.50 of bonds have been pledged; county chairman Judge H. M. Rankin, urges all citizens to act at once.

Heavy rains late Wednesday; precipitation here was .39 inch within short time.

Fifteen Years Ago

Mrs. Emma Thornton, 85, a member of one of Fayette County's pioneer families died at the home of her daughter, Mrs. Carrie Bush.

Eleven members to be graduated from New Holland High School.

Twenty Years Ago

Joe, 11-year-old son of Mr. and Mrs. Albert Flowers, was severely injured in Fayette Street when struck by an automobile driven by a West Virginia man. The boy ran into the street after a ball.

Tim Hughes and Jesse Reynolds have opened a new repair shop in the Market Street garage.

Twenty-Five Years Ago

Liscandro Bros. fruit store is robbed of about \$175.

Andy E. Henkle, former county auditor and a member of the city board of education, filed nominating petition on the Republican ticket for mayor.

Mrs. Elias A. McCoy, 80, dies at her home on South Fayette Street, following a long period of ill health.

10 Klan Members Are Found Guilty

WILMINGTON, N. C., May 15—(AP)—Ten of 11 Ku Klux Klansmen arrested for floggings in coastal Carolina were convicted Tuesday of kidnapping and conspiracy.

Federal Judge Don Gilliam, who found the 10 guilty directed a verdict of innocent in the case of 18-year-old George Miller, one of four defendants who had pleaded no contest and thrown themselves upon the court's mercy. The remaining seven pleaded innocent.

Spud Cases Listed

WASHINGTON May 15—(AP)—The Office of Price Stabilization reports 47 court cases have been filed in the last month to prevent sale of white potatoes at overceiling prices.

Envoy Approved

WASHINGTON, May 15—(AP)—The Senate Tuesday approved the nomination of Joseph C. Green of Cincinnati as U. S. minister to the Hashemite kingdom of Jordan.

No Place For A Taft Fan

By Hal Boyle

ABILENE, Kas.—(AP)—This celebrated old cow town is looking forward with somewhat worried pride to the return next month of one of the local boys who made good.

He used to work at the creamery here, where other employees taught him how to shoot craps.

There wasn't much of a crowd at the railroad station to see him off when he went east, years ago.

But Abilene, a town of about 7,000 population, is expecting 50,000 to 100,000 visitors to help welcome back its favorite son—Gen. Dwight D. Eisenhower.

Residents here aren't sure whether the event will tear the town apart. But it is no secret that most hope it will spring-board "Ike" into a Republican presidential nomination. The biggest disaster that could happen hereabouts right now would be for a baby boy to be born with an "I Like Taft" button in his tummy.

During the two-day homecoming celebration starting June 4, General Eisenhower will lay the

cornerstone for museum to house his war trophies, address a throng in Eisenhower Park, give a press conference and review a mammoth parade containing 36 floats symbolizing his career.

"Ike" definitely has replaced Wild Bill Hickok as the number one hero of Abilene. Hickok was the peace officer who brought law and order to the town in the wild and woolly days when it was America's top cattle shipping center and its saloons outnumbered its business houses.

The planners are expecting at least ten state governors for the June 4 festivities. Among the scores of special trains will be two from Texas—one containing 115 Texans, the other containing the horses they will ride in the parade. Some 700 peace officers from all parts of Kansas will be brought here to handle traffic.

One of the more delicate issues involved is how long General Eisenhower plans to remain in this first visit home.

"Naturally, we want him to stay on as long as he can," said one resident, and added dubious-

ly, "but I don't see how the town can handle the crowds for more than two days."

The mecca of most visitors here is Ike's old family home. The Eisenhower boys turned it over to the Eisenhower Foundation after the death of their mother in 1946.

It has been kept just as she left it. Her dust cap still hangs from a rocking chair in the room in which she died. On the wall of the second-floor bedroom where Eisenhower slept as a boy is hung the old-fashioned motto: "Thy Will Be Done."

J. Earl Endacott, executive director of the Eisenhower Foundation, said 100,000 people had visited the home in recent years they came from every state of the Union and 76 foreign countries.

"One of them," remarked Endacott, "was an ex-cannibal from a South Sea island."

Just how he became an Ike fan nobody knows. But in Abilene today it's enough to be an Eisenhower supporter. You don't have to explain the past.

Locust Plague Hits Nations In Mid-East

ROME, May 15—(AP)—Giant locust swarms are threatening the entire food supply of agricultural countries from Africa to Asia in the worst plague in a century.

This was reported by the UN Food and Agricultural Organization, which gave this picture:

Tens of millions of desert locusts have swept from their East African breeding place with dramatic rapidity since the start of the year. Vast areas of French Somaliland, Eritrea, the Sudan, Aden, Yemen, Saudi Arabia, Oman, Kuwait, Jordan, Egypt, Israel, Syria, Iraq, Iran and Pakistan are infested.

Present swarms are now breeding—and a new generation of young locusts soon will be on hand threatening the cotton and grain of the Nile delta on one side and the rice fields of India on the other.

FAO estimated that 1.1 to 1.3 billion acres of Iraq, running from the border of Iraq to that of Pakistan, are infested with desert locust eggs. That means a new plague for the future.

Both the United States and the USSR have sent in aircraft and experts to help fight the menace—a rare example of postwar cooperation between the two rival powers.

National Air Races Postponed

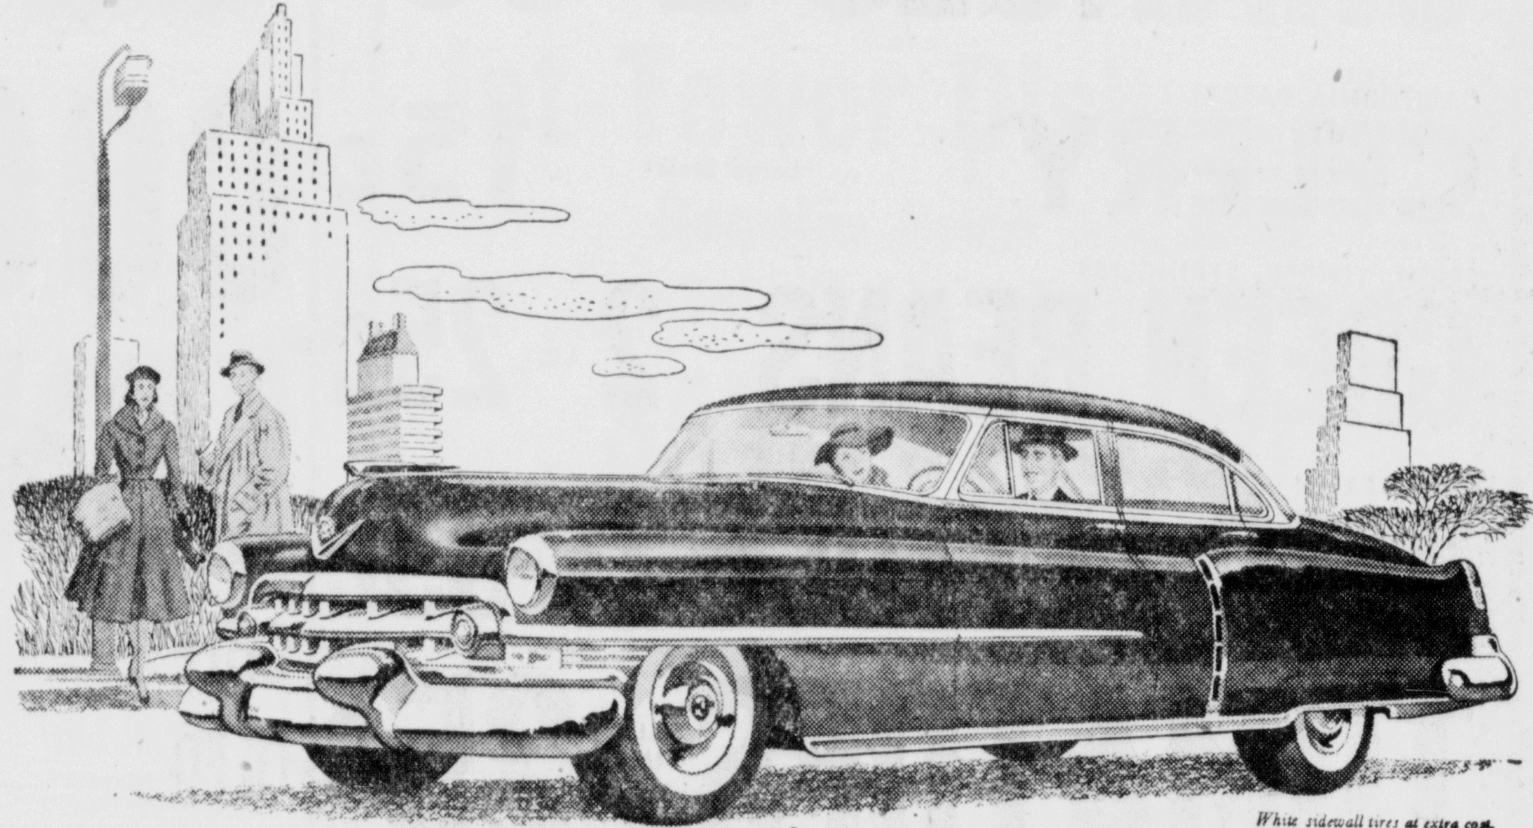

CLEVELAND, May 15—(AP)—The National Air Races, set for Labor Day weekend in Detroit, have been postponed to the same weekend next year.

Ben T. Franklin, director of the event, said the postponement was "due to existing conditions," but did not elaborate. He said a city has not yet been picked. There is rumor the 1953 races might be held in Dayton in connection with a nationwide celebration of the 50th anniversary of the first airplane flight in 1903.

15 Power Firms Offer AEC Aid

WASHINGTON, May 15—(AP)—The Atomic Energy Commission says several Ohio power firms have offered to join a 15-company combination to supply electricity for a proposed atomic energy plant in the Ohio River Valley.

The AEC said 15 firms agreed to form a common company to supply 1.8 million kilowatts of electricity for operation of the \$1 billion plant. Among the firms are Dayton Power and Light Co. and Columbus and Southern Ohio Electric Co.

White sidewall tires at extra cost.

It Will Be in Demand When It's 10 Years Old!

Take a new Cadillac home with you—use it with common prudence and give it reasonable care—

—and ten years from today, there should be many, many people anxious to drive it and call it their own!

The soundness of this prediction is attested on used car lots throughout America. Every day, buyers are taking possession of Cadillacs built before the war—and are doing so with pride and anticipation.

There are many and vital reasons for this enduring value of a Cadillac car.

First, of course, is quality. Cadillacs are built to the highest standard it is practical to enforce in the production of a motor car.

The watchword and the goal of those who design and build for Cadillac are one and the same—how good and how enduring can this car be made?

Year in and year out, the search for improvement goes relentlessly ahead.

Small wonder that the car keeps its youth and its performance—far, far beyond the normal span.

And then there is its sound and enduring beauty. Cadillac styling is a development—with continuous improvement and refinement. Older Cadillacs, of course, are not to be mistaken for the current ones; but, regardless of age, they are still Cadillacs—and are distinguished and dignified in their own rights.

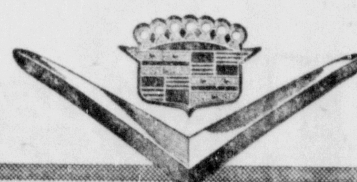

And then, of course, there is the wonderful Cadillac name—which never loses its significance, no matter how old the car which bears it. Year for year and age for age, a Cadillac is always aside and apart from other cars.

It is not unusual for a Cadillac to pass through four or five or even six different families—each one owning it with pride and driving it with pleasure.

Think of this when you buy your next car. If you get a Cadillac—there can be no doubt that others will be eager to own it when it has served you the normal span.

Why not come in—and see and drive this wonderful car? We'd be happy to welcome you any time.

Great Britain desires that Japan should trade with Soviet China, which the British swiftly recognized and continue to trade with in spite of the miserable fact that Soviet China is murdering British soldiers as well as American soldiers, if fewer in number. Great Britain desires that Japan should keep out of Southeast Asia, which has long been a British hunting ground. If the British can keep Japan out of areas in Asia which they have pre-empted, they will have more dollars by selling the produce of these areas at high, cartelized prices to the United States.

The Nation Today

By JAMES MARLOW

WASHINGTON, May 15—(P)—The high Army brass in Korea has displayed an astonishing talent for making a mess, starting with the capture of Brig. Gen. Francis T. Dodd and in all that followed.

First the general, commander of the prisoner of war camps on Koho Island, let himself get maneuvered into a position where his Communist prisoners could take him.

Then his successor had to dicker for his release. This was Brig. Gen. Charles F. Colson. Eighth Army Commander Gen. James A. Van Fleet bounced Dodd while he was still captive and replaced him with Colson.

Colson didn't last long. He's been bounced too. To get Dodd back alive, Colson agreed to such extraordinary concessions that the flabbergasted Joint Chiefs of Staff here want a fast explanation.

THE DODD capture and Colson concessions were amazing enough. But the Eighth Army headquarters then added to the confusion by trying to wrap a little secrecy around what had happened.

Newsman at first weren't allowed to see Dodd at all after his release. The explanation: An investigation was being made. Then Dodd was permitted to read a prepared statement on his capture but couldn't answer newsmen's questions.

Even so Dodd managed to get into conflict with the new boss of the whole Korean fighting, Gen. Mark Clark, who—as successor to Gen. Matthew B. Ridgway—arrived in Tokyo just in time to inherit the mess.

Dodd said the concessions agreed to by Colson were of minor importance. But Clark later said the Colson concessions were made under duress and were "unadulterated blackmail and any comments made by General Colson as a result of such demands should be interpreted accordingly."

And then Clark said the agreement made by Colson "has no validity whatsoever. Clark said Colson had no authority "to purport to accept any of the vicious and false charges upon which the Communist demands were based."

Colson, among other things, said: "I can assure you that in the future the prisoners of war can expect humane treatment."

This made fine propaganda for the Communists in their true talks. They naturally interpreted it as meaning the prisoners had been getting inhumane treatment.

A DEFENSE Department official here said this wording gave a wrong impression of POW treatment. And it was pointed out the Red Cross has had plenty of chance to examine the kind of treatment given POWs.

Colson's agreement said further: "There will be no more forcible screening or any rearming of prisoners of war in this camp, nor will any attempt be made at nominal screening."

Here the same Defense Department official said the Joint Chiefs of Staff had never heard of any rearming of prisoners and as for the screening of prisoners—the JCS had ordered that stopped a couple of weeks ago.

This screening has been a sore point with the Communists conducting the Korean truce talks. They had acted as if all their people captured by the UN would want to go home to them.

The UN checked, or screened, the prisoners and reported that only 70,000 out of 170,000 said they would go back if released. In fact, the UN reported, the rest said they'd forcibly resist being sent back.

From start to now this has been a poor show. It has provided the Communists with propaganda literally made to order. Meanwhile, everyone waits to see what the full explanation is, if there is one.

Special Cotton Grown For Yanks

MEMPHIS, May 15—(P)—There is a cotton patch growing smack-dab in the heart of downtown Memphis.

The patch was planted as a "special service" for tourists by Jim Millwood, Hotel Peabody policeman. It's in an alley behind the hotel.

Millwood said Yankee tourists are always asking him how cotton grows and many think the fluffy crops grow on cottonwood trees.

City Paints Hydrants

WISCONSIN RAPIDS, Wis.—(P)—This city has painted its fire hydrants so firemen can tell at a glance how much water to expect from the water main.

The color of the paint shows the size of the main. The colors red, white and blue painted on the hydrant cap denote 4-, 6- and 8-inch mains respectively. Hydrants painted all yellow are connected to 10-inch mains while green hydrants indicate 12-inch mains.

Locomotive Furnace

MARION, Ill.—(P)—Three men stoke a railroad locomotive's firebox around the clock but it isn't going anywhere.

Allen Industries, which processes tarpaulins, leased the engine from Illinois Central Railroad. Its steam is piped into the Allen building for heating purposes.

French King's Phantom Gold Stirs Search

\$70 Million Claimed Aboard Old Ship At Bottom Of Seine

PARIS, May 15—(P)—A phantom treasure that rumor says has been lying at the bottom of the Seine River since the days of the French Revolution will be the object of a sixth recovery attempt this summer.

How the treasure got there—if indeed there is treasure—is part of the legend of the *Telemaque*, a little sailing ship that lifted anchor at Rouen on New Year's Day, 1790, on a voyage to England.

The ship's manifest said it had a cargo of timber, nails and tar. Rumors insist that it was carrying 2½ million British pounds in gold, plus jewelry and other valuables being spirited out of the country by King Louis XVI already uneasy on his throne.

Details of the final voyage of the *Telemaque* are clouded by time. Some say the *Telemaque* was sunk when it struck a sandbank while trying to avoid a check of the cargo.

ANOTHER version holds that the ship was tied up at the fishing village of Quillebeuf and that she was set adrift at night. One story is that government agents cut the moorings, another that a sudden storm broke them.

It is agreed, however, that the *Telemaque* did run aground and that the crew barely had time to swim for shore before the brig sank to the bottom of the Seine.

The government, taking cognizance of the rumors current about the treasure aboard, immediately sent 300 soldiers to the scene. They tried for three months to salvage the vessel without success.

Rumors of the treasure kept bobbing up. Another fruitless effort to recover the cargo was made in 1818. In 1837, a French engineer spent his own fortune vainly trying to prove the existence of the king's fortune. In 1842 an Englishman made another effort without success.

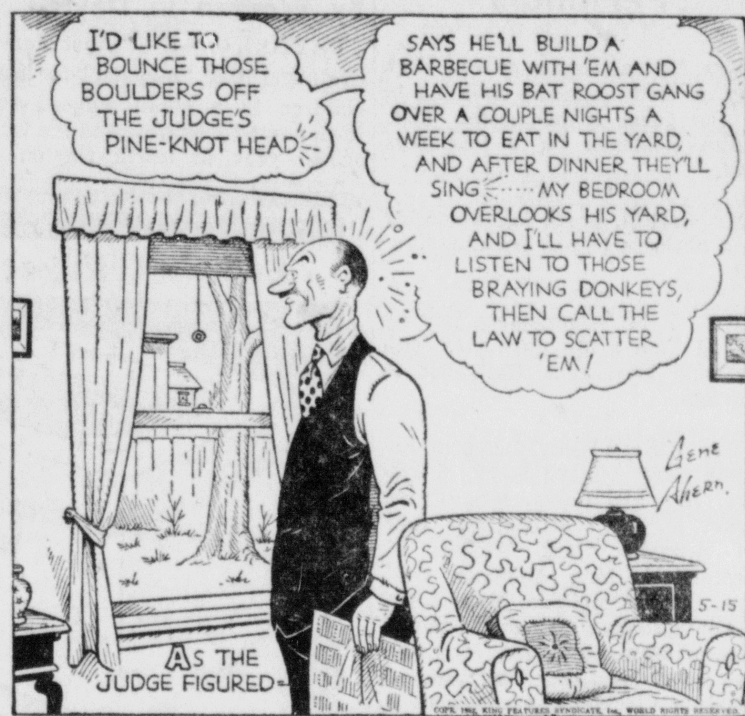

After that, the *Telemaque* lay undisturbed for almost a century. Then a Paris syndicate tried again and in 1939, after six months of searching had located the vessel, divers started prowling through the rotting debris. One diver reached into a barrel and brought out seven well-worn pieces of gold and some gold trinkets.

This find, on Sept. 3, 1939—the day war was declared in Europe—was taken as proof the treasure really was there. The forward quarter of the ship, devoid of treasure, was brought up, but the German army was moving into France and the work was abandoned in April, 1940.

THE SAME MEN who directed the 1939 attempt are leading this year's try. Work is scheduled to start in June. A huge diving bell will be used. The chief engineer

B-29 Crewmen Recall Crash Over Pacific

LOS ANGELES, May 15—(P)—Five surviving B-29 crewmen told Wednesday of the terrific impact which knocked four of them unconscious when their big bomber and a Marine fighter plane collided Tuesday nearly three miles above the Pacific Ocean.

Altogether, six members of the crew parachuted to safety and seven are missing. One Marine, presumably the pilot of the Corsair fighter plane, was killed.

Witnesses said the big bomber appeared to break in two, the forward section exploding into flames. Navy and Coast Guard vessels continued searching through the night southwest of Santa Catalina Island for any sign of additional survivors.

S-Sgt. Lawrence L. McLaughlin, 22, flight engineer of Dayton, told newsmen "it seemed as if the big

plane had been hit by a bullet" and that at least 50 million francs (\$140,000) have gone into the preparations.

The findings will have to be split with the government, which still claims ownership. At the start, the government will get only 10 per cent, while the prospectors get 90 per cent. As the value of any trove rises, the government's share will climb to 80 per cent.

The head of the project—who refuses to be identified by name—estimates they might recover as much as 25 billion francs (\$70 million).

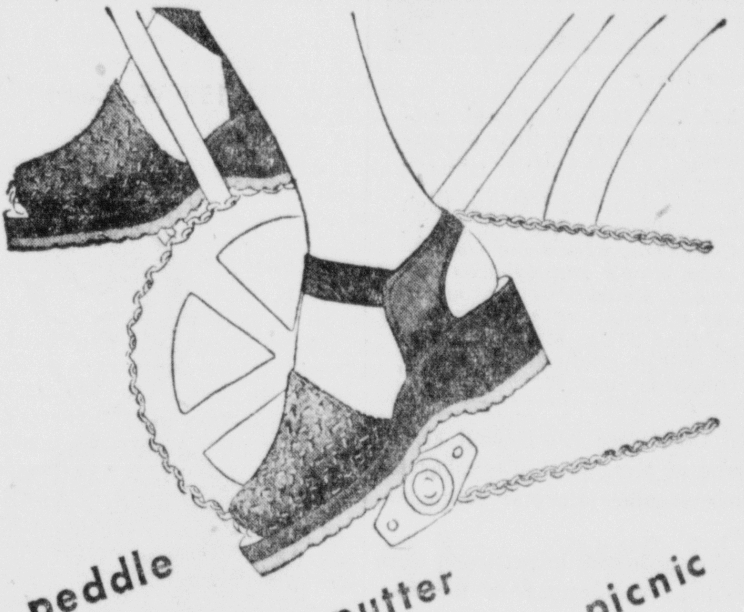

"After 60 million francs (\$168,000), it's all profit," he adds.

Supervisors Quit

LEBANON, May 15—(P)—Mr. and Mrs. Denver Keplinger have resigned their positions as superintendent and matron of the Warren County Children's Home, effective June 15. They will serve in similar positions at the Lorain County Children's Home in Oberlin.

B-29 just stopped dead in the air. It shook terrifically. I jumped through a hatch and pulled my parachute ripcord. The airplane was afire."

First Lt. Emmett E. Muterspaw, 30, radar bombardier of Middletown, O., recalled "I was thrown against a gun turret. The next thing I knew I was in the air on my back looking up at the sky. I didn't wait until the count of 10 to pull that ripcord!"

Rich, fine-fitting braid, with gleaming gold thread peeping through twisted boucle yarn, airy-light platforms and soles, make the Long Beach easy on your foot and on your eye.

Whatever your summer plans when you include this flattering flattie the pleasure will be yours!

Tighter Law On Livestock Feed Ahead

Ag Agency Seeks To Curb Future Anthrax Outbreaks

WASHINGTON, May 15—(P)—The Agriculture Department seeking to curb the spread of anthrax, plans to tighten its rules on importing of bone meal.

Dr. B. T. Simms, chief of the department's Bureau of Animal Industry, told a House Agriculture Subcommittee not to expect too much, however, from the stiffer regulations he said will be issued by June 1.

"They won't solve the problem," he said. "We'll continue to have anthrax."

He said the dread disease, which strikes humans as well as animals, can spread from anthrax organisms in dead animals.

Strict controls on disposal of dead stock, he added, would cost too much and would be almost impossible to enforce.

Rep. Harvey (R-Ind) praised the bureau's work in controlling recent outbreaks of anthrax in the Midwest. He said they were traced to fertilizer containing raw bone meal

from Argentina which had been processed in France.

SIMMS SAID foreign shippers now are required to subject bone meal to 156 degrees heat. But although this is enough to destroy hoof-and-mouth disease germs, he said it is not enough to kill anthrax organisms.

Rep. Miller (R-Neb) urged that the bureau require all imported bone meal to be treated at 256 degrees. This would kill the anthrax organisms, he said.

Simms said the bureau does not want to impose such a blanket rule. Much of the imported bone meal, he said, is processed into charcoal used by the sugar industry, for gelatin, and for other non-agricultural purposes.

He said the bureau is trying to write a regulation that will protect the livestock industry, and at the same time "not interfere unduly with commerce."

Horsemeat OK In Sausage Now

WASHINGTON, May 15—(P)—The government Wednesday told sausage makers they can resume mixing horsemeat with their product effective Monday.

The Office of Price Stabilization stipulated that the processors must clearly mark their product as containing horsemeat. OPS banned the inclusion of horsemeat in sausage in a regulation issued March 14.

Store Sells Stuff At 1902 Prices

HUTCHISON, Kas., May 15—(P)—How would you like to buy a silk necktie for 35 cents, a pair of nylons for 39 cents, or a \$20 table lamp for \$3.95?

Those were some of the bargains listed for a sale at 24 Hutchinson Stores Wednesday. The prices were rolled back to 1902 levels as part of a city-wide celebration. Here are some of the other buys: Cotton house dresses, 99 cents; ginger snaps, five cents a pound; work shirts 69 cents and men's summer suits \$15.95.

State Democratic Chiefs To Meet

COLUMBUS, May 15—(P)—The Democratic State Central Committee will meet here May 20 to elect officers and decide the fate of State Chairman Eugene H. Hanhart of Dover.

Hanhart was state party head and chairman of both state central and executive committees prior to the May 6 election, but failed to win reelection to the state central group. Law requires that the chairman of the state central committee be a committee member.

Mounted Cop Nabs Bandit

CLEVELAND, May 15—(P)—Hailed by a hat store salesman who had just been held up, a mounted patrolman galloped through rush-hour crowds Wednesday to pin a fleeing youth against a building.

The 17-year-old boy said he was from Port Huron, Mich. He was held for juvenile court. Fred Elessen, 60-year-old salesman, called the officer after the store was held up and robbed of \$230. He identified the youth as the bandit.

"IT'S SO EASY TO PLACE A WANT AD."

Wake Up To More Comfort

Without Nagging Backache
Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffering nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Mother-Daughter Banquet Given By Sorority

Members of Alpha Theta Chapter of Epsilon Sigma Alpha Sorority entertained at their annual Mother-Daughter Banquet at the Washington Country Club Wednesday and included a few additional guests.

Blue and gold, the sorority colors, predominated in decorations throughout the club lounge and on tables for the serving of the delicious three-course meal.

Lovely nosegays of carnations in red and white were favors for each guest and the invocation preceding the dinner was given by Mrs. Eugene Eyre.

Mrs. Chester Brown, Jr., was toastmistress for the evening and after welcoming the guests, she presented the sorority president, Mrs. Dale Smith, who asked each member to introduce her guests, and also of the presenting of the Ohio State councilor of the sorority, Mrs. Gene Poppel and Mrs. Dottie Lee, both of Middletown, as special guests.

leader, presented Mrs. Lloyd Fenig, who sang beautifully "April Showers," accompanied by Mrs. Robert Goodson, and she later presented the guest speaker, Mr. F. R. Harris of Greenfield, world traveler and lecturer, who spoke on the subject, "Itchin' Feet," which was a humorous take-off on his recent book, "Around The World in Fifty Years."

Mr. Harris told of his first trip across the ocean in his earlier life which was on a cattle boat, on which he worked for his passage. He later made eighteen trips across the Atlantic and Seven trips across the Pacific.

During these sojourns he visited more than one hundred countries and islands and travelled by boat and plane, eating and sleeping in some of the most faraway places with experiences not always the most pleasant.

He described the food in the different countries and told his listeners that at times it was hardly palatable.

Mr. Harris gave many recipes for food in foreign countries and added a bit of spice and talk to his talk which made it most interesting.

Guests were: Mrs. Ray Brandenburg with Mrs. Wayne Bower, Mrs. Robert A. Craig with Mrs. Chester Brown, Jr., Mrs. V. A. Davis with Miss Lois Davis, Mrs. William A. Boylan with Mrs. Gordon Davis, Mrs. Ruby Theobald with Mrs. Mac Dews, Jr., Mrs. Joe Elliott with Miss Eleanor Jo Elliott, Mrs. Vaiden Long with Mrs. Eugene Eyre, and Mrs. Charles Snyder, Mrs. Cora Fenig with Mrs. Lloyd Fenig, Mrs. Lena Bandy with Mrs. Charles Gibeaut, Mrs. C. Special guests were Mrs. Faith Pearce, Mrs. Gene Poppel, Ohio Council president, Mrs. Dottie Lee both of Middletown.

Starlight Club Holds Meeting

Members of the Starlight Club met at the home of Mrs. Homer Wilson, Jr. in Good Hope, where they enjoyed the game of five-hundred.

Awards were presented Mrs. Robert Huff, Mrs. Merrill Hoppes, and Mrs. Glenn Burnett.

Refreshments were served by the hostess at the close of the game and additional members present were: Mrs. Robert Andrews, Mrs. Kenneth Roof, Miss Edith Guidi, Miss Mildred Wackman, Mrs. Jasper Flowers, Mrs. Russell Hatfield, Mrs. Delbert Walters, Mrs. Lonnie Price and Mrs. Herbert Mossbarger.

When you are preparing pie dough, let the prepared pastry stand in the refrigerator for about fifteen minutes before rolling out. This chilling helps to make the pastry flaky.

Jane Calvert Riber Engaged To Cadet Arthur C. Peters

Miss Jane Calvert Riber

Mr. and Mrs. Arch O. Riber of 322 East Market Street announce the engagement and approaching marriage of their daughter, Jane Calvert Riber to Cadet Arthur C. Peters Jr. son of Dr. and Mrs. Arthur C. Peters of Cleveland Heights.

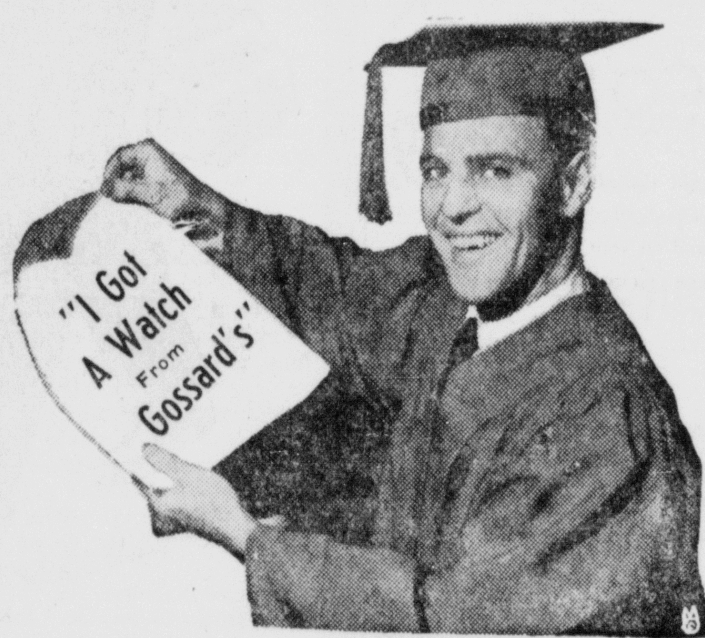

The bride-elect is a graduate of Washington Court House High School. She attended Monticello Junior College for Women, Alton, Illinois and Ohio State University, Columbus, where she was affiliated with Delta Gamma Sorority. She is now employed by The F and R Lazarus Company in Columbus. Cadet Peters attended Ohio State University, where he was affiliated with Sigma Phi Epsilon Fraternity. He is now at the United States Military Academy, West Point, New York, where he will be graduated June 4. The wedding date chosen by the couple is June 22.

Mrs. Farquhar Is Hostess To Kensington Club

A nearly full attendance of the members of the Tuesday Kensington

Club were entertained at the home of Mrs. O. D. Farquhar for their regular informal get-togethers.

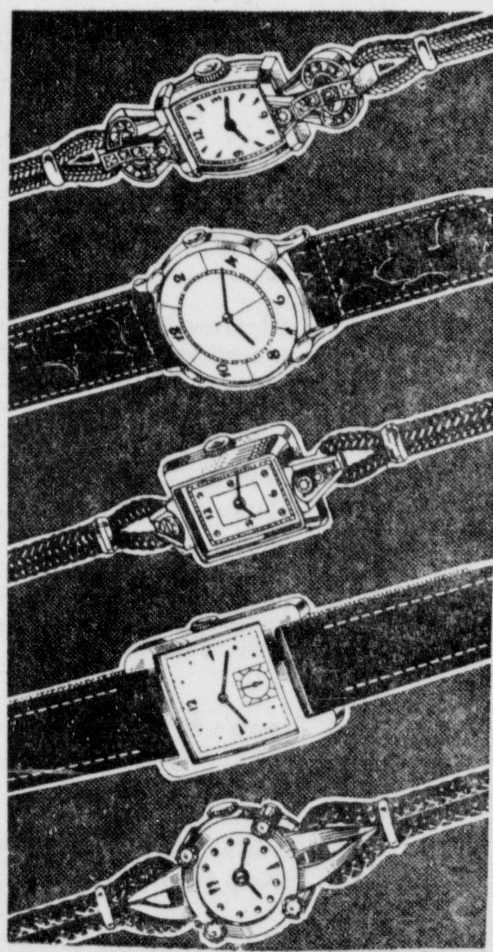

Spring flowers in profusion were used as decorations in the hostess' home and as usual the afternoon was spent in congenial chat-

Cecilian Members Hear Delightful Musical Program Given By Young Musicians

At the final meeting of the season held at the home of Mrs. O. W. Woodyard Wednesday evening, the Cecilians enjoyed a delightfully varied program presented by young music students who were either children or pupils of Cecilian members.

Following a brief business session, the president, Mrs. Otis B. Core, turned the meeting over to Mrs. John P. Case, program chairman.

The youngest performer was Juliana Wilson, age eight, who played a well memorized arrangement of the opening section of "Für Elise" by Beethoven.

Other younger pianists were Johnny Core, who gave the program a good beginning with "Happy Highlander" by Richardson; Martha Woodyard giving a finished performance of "Dublin Town" by Thompson; Ann Craig flawlessly playing "Ballet Waltz" by Wright; Joe Geibelhouse with a fine rhythmic interpretation of "The Clown" by Kern; Patricia Woodyard, who played "Little Girl in the Wind," by Jenkins in the lovely style suggested by the title, and Charles Hire, whose rendition of "L'Avantance," by Heller, seemed very able and mature.

Intermediate and more advanced piano students appearing on the program were: Earl David Hopkins, who played beautifully from memory, "Clair de Lune," by Debussy; Sarah Core, with a perceptive

exposition of "Andante" from Sonata No. 4 by Mozart; Linda Lovell playing Beethoven's "Für Elise," with all the daintiness and delicacy required in it; Ann Hire giving a clean-cut performance of "Allegro" from Sonata Op. 2, No. 1 by Beethoven; Hazel Engle, fluently setting forth Beethoven's "Grave and Allegro," from Sonata Op. 13, and Jo Davis, who closed the program on a lively note with an efficient performance of "Contra-Dance," by Beethoven.

Among the younger piano students were Brian and Lynn Frock, whose piano duets, "El Capitan" by Sousa and "Country Band," were very well synchronized, musically interpreted and quite thoroughly appreciated by the audience.

The vocal selections all gave particular interest to the program. David Korn, age ten, sang "Mother" in his clear soprano voice as a special surprise for his mother, Mrs. Leonard Korn; Kemp Allam sang the ever popular "One Alone," using pleasing light tones and Charlene Gay Warner charmed everyone with her well controlled strong soprano in "Silver Moon," by Romberg and "Rose in the Bud," by Forster.

A lovely flute solo, "Adagietto," by Bizet, played by Jo Davis and a saxophone solo, "Twelfth Street Rag" by Linda Perrill, with Jo Davis at the piano, gave the program an invaluable touch of spice and variety that was greatly relished.

The audience sincerely enthusiastic over the evening spent with the young musicians, expressed the hope that there might be another such program in the near future.

During informal visiting later, delicious refreshments were served by the hostess, assisted by her mother, Mrs. Earl P. Grimm, and the hostess committee, Mrs. John Forsythe, chairman, and Mrs. Robert H. Green.

Mother-Daughter Banquet Given By Class Members

The eighteenth annual Mother-Daughter May Banquet of the Marguerite Class was held in the dining room of the First Presbyterian Church.

Eighty-nine members and guests were seated at nine tables centered with unique flower arrangements and candles, carrying out a May Pole theme, even in clever favors and programs.

The invocation was given by Mrs. Frank S. Jackson, who is regarded as a mother of the class, and Miss Sue Barchet gave two clever readings, "In The Morning" and "Encouragement."

Following a congenial dinner hour Mrs. Ray Johnson, class president, welcomed the members and guests and the response was given by Mrs. Rollo Hodge, who announced that those having perfect attendance records at the banquets were Mrs. William Rogers, her mother, Mrs. J. A. Hyer, Mrs. Carroll Halliday and her mother, Mrs. Frost and seventeen year records were Mrs. Homer Bireley and Mrs. Bertha Bireley.

Two three-generation families attending were Mrs. Kenneth Craig, her mother, Mrs. Lena Hoppes, Mrs. Doyle Stoner and Mary Lou Craig, Mrs. Robert Vallery, daughter Karen Sue of Bucyrus and Mrs. Regina Staubs.

Special recognition was given the only four generation family, Mrs. Carroll Halliday, mother, Mrs. Frost, Mrs. David Ogan, infant son David and Linda Halliday.

The program included two beautiful solos by Mrs. Edmond Woodmansee, "When The Roses Bloom" and "Songs My Mother Taught Me," accompanied by Mrs. Charles Hire.

Mrs. Johnson introduced the guest speaker, Mrs. George Weige, who gave a most interesting talk on her residence in South Africa.

She disillusioned her listeners on the thought of Africa as a dark, almost gruesome continent, and referred to the modern city of Cape town, South Africa, with Dutch and English settlers as residents with Dutch architecture and flowers predominating. She also described Johannesburg, the city built over gold and also the Kimberly Diamond Mines, and how they are guarded by police dogs and high wire fences.

The children were especially interested in her description of the game reserve which is 220 miles

May 10 Wedding Is Announced

Rev. James Hopper, pastor of the Scioto Chapel E. U. B. Church in Ashville, officiated at the marriage on Saturday, May 10 of Miss Amy Auspaugh, Route 2, Ashville and Mr. Melvin Parks, son of Mr. and Mrs. Charles Parks of this city.

The bride's dressmaker suit of beige was accented with touches of brown with which she combined natural and brown accessories and her corsage was of white carnations.

Following a short wedding trip the new Mr. and Mrs. Parks are residing here where the bridegroom is engaged in business with his father and brothers.

Regular Meeting Of Pioneers Held

The regular meeting of the Pioneers of the First Presbyterian Church was held in the Church House.

The leaders, Mrs. C. L. Musser and Miss Mary Lu Biehn, read stories on a Christian Mission Station in Chinatown, Philadelphia, and from the study book, "Off To Brazil."

Michael Edwards, young host, served refreshments at the close of the meeting.

long and 40 miles wide, where you are never allowed out of cars as a protection from wild animals.

Mrs. Weige's talk held the interest of her audience and was most instructive.

A humorous skit, "Among Us Girls," was given by five members of Gradale Sorority, directed by Mrs. Phil Douglass, and those participating were Mrs. John Bath, Mrs. Emerson Marting, Mrs. Robert Creamer, Miss Nancy Hewitt and Mrs. Will Braun, and the program closed with the hymn, "God Be With You 'Till We Meet Again."

Mrs. Weige's mother, Mrs. Murphy, was included as a special guest and the committee for the event was made up of Mrs. Leo Edwards, chairman, Mrs. Robert Parrett, Mrs. Fulton Alkire, Mrs. Homer Bireley and Miss Mary Sauer.

'Cody' Campbell Is Honored On Sixth Birthday

The sixth birthday anniversary of Master Colin Porter Campbell which was an event of Monday, May 12, was celebrated on Sunday at a delightful party from two to four o'clock in the afternoon at the Washington Country Club, when his parents, Mr. and Mrs. Colin C. Campbell included a large group of Cody's small friends.

As they arrived each youngster was presented with a colorful balloon on a stick as favors and the party started off with a peanut hunt and awards were presented Stephen Herbert and Carolyn Dill, who found the most peanuts.

In the "pin the tail on the donkey" contest, Stephen Herbert and Gladys Spettigue received the awards.

Following the opening of the gifts the children were seated around tables where they sang "Happy Birthday" to the honor guest for the serving of refreshments.

Favors were cunning little hats in a riot of colors with a metallic appearance, a golden four leaf clover, metallic dollar coins filled with chocolate.

The theme for napkins and plates were carried out in "Peter Peter Pumpkin Eater," "Little Miss Muffet" and circus designs and the ice cream in containers had colored designs which was served with individual cakes topped with rosebuds in pastel colors.

Mrs. Campbell was assisted in the hospitalities by her daughters, Cancy and Joan and Mrs. Porter C. Campbell.

Small guests included were Karen Woodmansee, Robie Rodenfels, Joda Kay Campbell, Kurt Zeigler, Johnny Hagerty, Hannah Kay Case, Damon Baker, Gretchen Baker, Carolyn Limes, Mary Jane Limes, Juliana Wilson, Johnny Halliday, Ronnie Reinke, Donnie Kirk, Johnny Core, Bruce Core, Julia McClure, Jimmy McClure, Jean Dill, Carolyn Dill, Marilyn Dill, Beverly Heinz, Billy Heinz, Jerry Leland, Stephen Herbert, Debbie Herbert, Becky Herbert, Johnny Brubaker, Leckie Brubaker, Robie Brubaker, Kenny Kay Arnold, Jon Bailey, Jenny Junk, Becky Link, Billy

Link, Joyce Sanderson, Bob Clift, Dan Clift, Bill Clift, Tommy Spettigue, Gladys Spettigue, Dale Spettigue, Betsy Spettigue, Victoria Tremlett, Jimmy Tremlett, Peter Hayes, Mary Ellen Hayes, Madeline Hayes, Marjorie Roszmann, Tommy Roszmann.

Cinda Starr, Stevie Starr of Wilmington, Keith Lightfoot of Springfield, Alan and Roger Thornton of Chillicothe, Ned and Fred Preston of Granville, Pamela and Bill Payton and Herbie Little of Jeffersonville, Lance Wilson of Columbus, and Gayle Fosnaugh of Ashville.

Episcopal Church Plans Expansion

COLUMBUS, May 15 — (P)—The Southern Ohio diocese of the Protestant Episcopal Church will construct a \$200,000 diocesan house in Cincinnati, the group announced Wednesday night.

The diocese also voted to accept an 1100-acre farm near Washington C. H. The farm was deeded by Mrs. William C. Procter, wife of the founder of Procter & Gamble of Cincinnati.

TB Aides Parley

COLUMBUS, May 15—(P)—Some 300 delegates from Ohio's 88 county tuberculosis and health associations convened here Thursday for a two-day talk on latest developments in tuberculosis control.

When you are making white sauce over direct heat be sure to use a heavy saucepan and keep the heat low; stir constantly, scraping the sauce from the sides and bottom of the pan, until thickened and bubbly.

Packer Accuses State Inspector

FINDLAY, May 15—(P)—Joseph Kirchner, Findlay meat packing firm owner charged with selling horsemeat as beef, said Wednesday a former state meat inspector helped him in business.

cluding bribery of a state food inspector and adulteration of food products, said Fred Karg, former inspector who will go on trial later, kept him informed about competition.

The owner of the Buckeye Packing Co., formerly the Kay Brand Co., said he and Karg became close friends after their meeting in 1945. That was the year Kirchner and his brother Leo bought the firm

Margaret Haines Is Hostess To WSCS Members

Miss Margaret Haines was hostess on Wednesday to the members of the Buena Vista WSCS.

Mrs. Elvira Jones was devotional leader which included the hymn, "Lily of the Valley," Scripture from Mark, another hymn, "Let The Lower Lights Be Burning," and closed with prayer by Mrs. Ramey Stoops.

The business session was in charge of Mrs. William Rockhold and roll call was responded to by thirteen members, followed with discussions on special projects.

The program leader was Mrs. Clarence Smith and she used as her topic, "Suggested Talks," opening with the introduction, and articles followed with Mrs. Marvin Johnson reading "Healing The Sick"; Mrs. Noah Lee, "Providing Christian Homes"; Mrs. Elvira Jones, "Training Christian Leaders"; Mrs. William Rockhold, "Building Christian Communities"; Mrs. Herbert Barton read "Church Bells on Saturday" and two contests were won by Mrs. Rockhold and Mrs. Manford Hamilton.

Refreshments were served by the hostess, assisted by Mrs. Carl Haines, Mrs. Russell Haines, Mrs. Robert Hudson and Mrs. Albert Haines during the social hour.

Mrs. Robert Hudson and Mrs. Carl Haines were included as guests.

Engagement Is Announced

Mr. and Mrs. Rufus Coonrod of Roxabell are announcing the engagement of their daughter, Norma Kathleen to Corporal William J. Goldsberry, 1429 Forest Street in this city.

Miss Coonrod is a graduate of Frankfort High School, and is employed at the G. C. Murphy Company, here.

Corporal Goldsberry attended Washington C. H. High School, and after enlisting in the Armed Forces in 1950, he served one year in Korea. He is now stationed at Indian town Gap, Pa.

The wedding date chosen by the couple is June 5.

I Lost 26 Lbs. While Enjoying Regular Meals

Dayton Lady Has New Vitality, Thanks Renel

"Since taking Renel I am very happy to say I have lost 26 lbs.," writes Elsie Griffith, 2313 East Fifth St., Dayton, Ohio. "Before taking Renel I weighed 135 lbs. now I weigh 109 lbs. Best of all I did not have to give up food or beverage. I lost weight while I enjoyed eating. I am 37 years old and feel much better. I have more pep and energy, and I certainly do praise Renel to all of my overweight friends. Thanks very much for a product like Renel!"

Thousands have overcome the social and physical discomfort of being overweight with this effective home recipe. Obtain liquid Renel at your drug store, mix with grapefruit juice as directed and take two tablespoonsful twice a day. That's all there is to it. If you reduce pounds and inches of excess fat don't seem to disappear almost like magic with the very first bottle, just return it to the manufacturer for your money back. You need never know a hungry moment while reducing with Renel. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active. Insist on genuine Renel.

Shakeup Seen In Ohio Demo High Command

Kefauver-Backers
Out After Job Of
Deposed Wheelhorse

WASHINGTON, May 15 — (AP)—Rep. Wayne L. Hays of Flushing is expected to make a strong bid for the job of Democratic national committeeman from Ohio.

The present committeeman, veteran party wheelhorse Albert A. Horstman of Dayton, was defeated as a candidate for convention delegate pledged to "favorite son" Robert J. Bulkley of Cleveland, a former U. S. senator.

Horstman went down to defeat along with a number of other prominent state organization figures, as delegate candidates backing Tennessee Sen. Estes Kefauver for the Democratic presidential nomination swept to victory in the recent Ohio primary.

Each side in the Democratic primary won the equivalent of 27 convention votes.

However, the Kefauverites came out ahead in 27 of the 31 races they entered, while 22 of the organization candidates who won were unopposed.

DELEGATES to the July nominating convention will elect the state's Democratic national committeeman for the coming four years.

In view of the organization's setback in the primary and his own defeat, Horstman faces a hard fight to hold his committee seat.

Hays, who has been one of Kefauver's chief lieutenants in Ohio from the very beginning, may not be the only insurgent to go hunting for the post now held by Horstman. There have been reports that Herbert Duffy, former Ohio attorney general, has ideas along that line.

There were indications during the pre-primary campaign that relations between Hays and the Southern Ohio Kefauver leaders, including Tim Hogan of Cincinnati, were somewhat strained.

Thus, there is a possibility that the Kefauver forces might split off into a factional fight between now and convention time.

Since there was a stand-off in delegate strength between the organization and Kefauver slates, Hays or Duffy would have to recruit support from the other side to have any chance for success.

Rumor has it that negotiations along this line may soon begin.

Hays is understood to be banking on the fact that the largest share of Kefauver delegates were elected in Northern and Eastern Ohio—where he played a prominent part in lining up people to run under the senator's banner.

In Greek mythology a Chimaera was a fire-breathing female monster which looked like a lion in the foreparts, a goat in the middle and a dragon behind and the word has come to mean any fantastic idea.

DANNY THOMAS AND DORIS DAY (above) are paired romantically and musically in "I'll See You in My Dreams" which is to be shown at the Fayette Theater Sunday and Monday. The picture is a song-filled tribute to lyricist Gus Kahn. Frank Lovejoy and Patrice Warner also are in featured roles.

Carl Johnson Given Braille Wrist Watch

Carl Johnson, bass fiddle player in the Hughey Backenstoe trio at the Club Rio, who has been blind since birth, won't have any excuse for not keeping time anymore.

For the past couple of weeks customers, workers and patrons of the club have been giving money to Mrs. Ray Blackburn, wife of the club's owner.

The other day she went to the jewelry store and placed an order for a new Braille wrist watch.

Tuesday evening, Carl was presented the watch as a present for no special occasion—just that the people wanted Carl to have a watch and because he plays such a good fiddle.

Now if you ask Carl the time, he'll have the hour and minute right at his finger tips.

Hospital Plans TV For Patients

CLEVELAND, May 15—(AP)—The new Euclid-Glenville Hospital aims to have radio and television available at every bed when it opens next October.

There will be a slight charge of course, but Hospital Superintendent Jay W. Collins says it's worth it. He explained: "It is felt that television and radio are of positive therapeutic value in the convalescence of patients. We are confident that the diversion created by these facilities will speed recovery."

Disturbances in North China after the Second Century A. D. resulted in large migrations to the south.

Large Limb Crashes During Stiff Breeze

During a heavy breeze shortly before 2 P. M. Wednesday, a large limb of a maple tree split off and fell into Washington Avenue about 50 feet east of Grove Avenue.

The limb was some 30 feet or more in length and blocked a large portion of the street, until passers-by pulled it aside.

The street crew was soon on the job and cleared away the obstruction.

54 Wilson Pupils Take Afternoon Tour

A tour of four places of business in Washington C. H. was made by a group of 54 pupils in the fifth, sixth, seventh and eighth grades of Wilson School on the Greenfield Road Thursday afternoon.

For the 13 eighth graders, it was the last time they would go out together as a class. The others probably will have a similar experience again next year.

The 25 fifth and sixth graders took in the Record-Herald, the Armbrust plant in Sunnyside and the Med-O-Pure Dairy, while the 29 seventh and eighth graders went to the Armbrust plant, the Pennington Bakery and the Med-O-Pure Dairy.

The tourists left the school right after lunch and spent the afternoon sightseeing.

Friday morning the four teachers at the school, Mrs. William Mace, Mrs. Howard Stewart, Mrs. Leonard Stephenson and Prin. Wilson Webb, and the cook, Mrs. Helen Baughn, plan a farewell breakfast for the eighth graders in the school lunch room.

The breakfast will be the last time the eighth graders gather as a class in the school. They are to be promoted into high school in ceremonies at the high school auditorium here Monday.

Lake Project Gets Approval

Go Ahead Signal Is
Given By Board

Completion of Rocky Fork Lake has been ordered by the State Natural Resources Commission, regardless of the fact that some of the requirements have not been met.

The commission recently decided there should be at least a 500-foot strip around all state lakes and

roads that are constructed in the future.

At the time of that decision the Rocky Fork Lake was virtually completed.

The commission took cognizance of the fact that inasmuch as so much money had been spent on the project, it should be completed as soon as possible.

It was pointed out, however, that completion without the required amount of land does not meet with the commission's new policy.

The commission recommended that request for \$131,000 for completing the work, be presented to the Emergency Control Board. The request is now pending before the board.

The dam at Rocky Fork Lake

is now virtually completed; only the finishing touches on the big dam remain to be done.

The state has three road fills to make and other small jobs to do before the lake is filled.

Two or three flood gates of the dam have been closed and the third will be closed when the state is ready to fill the lake.

Some timber also remains to be removed before the lake is filled.

New Rulings Set Up For Bread Content

Most Bakers Now Comply With Law To Protect Buyer

WASHINGTON, May 15—(P)—The government, after years of study, has decreed what ingredients can go into the leading varieties of bread—white, enriched, milk, raisin and whole wheat.

The ingredients need not be listed on the label. But the label must show use of any spices or harmless chemicals added to prevent mold or spoilage.

Non-standard breads must show all ingredients on their labels, without necessarily stating the quantity of each.

The regulations bar the use of chemical softeners designed to make bread appear fresh days after baking.

Federal security Administrator Oscar R. Ewing said the standards will go into effect on Aug. 13 on all bread shipped across state lines.

The Food and Drug Administration, which will enforce the regulations, said most brands already conform to the standards so there presumably will be little change.

CHAIRMAN Curtis H. Scott of the American Bakers Association issued a statement in Chicago saying bakers in general are in accord with the standards. The major effect, he added, would be in changing labels on some breads.

The FDA said the new standards would protect the housewife's pocketbook in this manner:

"Standards limit moisture content of bread to 38 per cent and require minimum solids content of 62 per cent. By specifying the basic ingredient they fix the real value of a loaf of bread."

Scott said most bakers already use less than the 38 per cent moisture content.

The regulations were issued after 17,000 pages of testimony by baking experts and others. The hearings started in 1941, were re-

WHEN the liner Gripsholm docks at New York, it is revealed that Mrs. Jean Matthiesen Johnson (above), 51, daughter of a prominent Chicago family, vanished from the vessel in mid-Atlantic May 2. She was en route home with her husband, Paul E., and their two children to undergo medical treatment at a Chicago hospital. An hour-long search was fruitless. (International)

cessed during World War II, and resumed in 1948 for nine months.

The original proposal called for six standard varieties. But unsalted bread was eliminated, the FDA said, "because of lack of sufficient evidence to establish its composition."

EWING SAID chemical softeners were omitted from the list of permitted ingredients because they could deceive the shopper as the bread's age.

The type of softener excluded was identified as polyoxyethylene. Use of monoglycerides and diglycerides are being permitted as optional ingredients pending further study, Ewing said.

He added that the mono and diglycerides have been used in shortening products for more than 20 years without apparent harmful effect.

Slayer Indicted

AKRON, May 15—(P)—The grand jury has indicted Leslie Fogle, 21, on a second degree murder charge in the shooting of his wife, Virginia, following a day-long argument last month. Fogle claims the slaying was accidental.

Billion Dollar Business List Still Grows

24 U. S. Companies Are Now Among Lush-Lush Ranks

NEW YORK, May 15—(P)—The list of billion dollar businesses grows slowly but steadily—with a strong assist from inflation.

At least 24 companies—industries, utilities and railroads—report assets of more than \$1 billion, two having just joined the ranks.

To these you can add at least 21 banks, 13 insurance companies and one consumer finance company. Assets of a manufacturing company, of course, are not strictly comparable to the resources of a financial institution.

Assets aren't the only thing that American corporations now report in 10 digit totals. At least 27 companies took in more than \$1 billion in sales or other revenues last year, eight of them newcomers to the list. Postwar inflation of prices plays a large part in these business figures.

HIGH INCOME and estate taxes whittle steadily at the great family fortunes of the past, making it hard to say how many, if any, individuals could be listed as billionaires.

But the reports of the large corporations show the steady growth since the war of the billion-dollar sales and billion-dollar assets group. In 1939 there were only 12 companies with billion-dollar assets, against 24 today. Only two had billion-dollar sales, against 27 today—28 if you include Ford, which doesn't report its sales.

As the big corporations grow, the number of one-family-owned giant companies becomes relatively fewer. Most of the largest companies now have huge lists of stockholders.

The Bell Telephone System tops the list of the non-financial giants—with assets of almost \$10 billion. Westinghouse Electric is low man with just over \$1 billion in assets.

There are six oil companies in the billion-dollar class: Jersey Standard, Indiana Standard, So-

A STORY OF LOVE THAT WAS A GREATER LURE than gold is coming to the State Theater in Technicolor Sunday, Monday and Tuesday under the title of "The Treasure of Lost Canyon". William Powell takes the leading role with Tommy Ivo, (shown together above) as the boy who dared the great adventure, sharing the spotlight. Also on the bill is a musical, "Meet Danny Wilson" starring Shelley Winters and Alex Nicol.

cony-Vacuum, Texas, Gulf, and California Standard, in that order. Six railroads—Pennsylvania, Southern Pacific, New York Central, Santa Fe, Union Pacific and Baltimore & Ohio, in that order—list assets in 10 digits.

CONSOLIDATED Edison of New York, Pacific Gas & Electric, and Commonwealth Edison are billion-dollar asset businesses.

General Motors and Ford are well above the billion dollar level. U. S. Steel and Bethlehem Steel belong in the group.

So do the appliance giants, General Electric and Westinghouse Electric—the latter a newcomer. Du Pont and Sears, Roebuck complete the list.

Of these 24, nine do not appear among the 27 companies reporting billion-dollar revenues. They are: Southern Pacific, New York Central, Santa Fe, Consolidated Edison, California Standard Oil, Pacific Gas & Electric, Union Pacific, Baltimore & Ohio and Commonwealth Edison.

Sales Giants who do not appear in the assets group are: A & P, Chrysler, Swift, Armour, Safeway, Montgomery Ward, International Harvester, Shell Oil, Republic Steel, National Dairy, J. C. Penney and Goodyear.

No satisfactory census has ever been made of the number of people in China.

Some of 37th Slated For Korea

CAMP POLK, May 15—(P)—Gen. J. Lawton Collins, Army chief of staff, said here Tuesday some members of Ohio's 37th Infantry Division definitely will be called for service in Korea.

Collins, who inspected training of the former Buckeye National Guard division, said trained individual replacements will be sent to Korea because it would be costly and impracticable to replace an entire division at the front.

Court OKs Firing Of Union Worker

NEW YORK, May 15—(P)—An employer has the right to fire a union employee, the U. S. Circuit Court of Appeals says, if the worker refuses to cross another union's picket line at a customer's plant while on duty. By a two-to-one decision, the court Tuesday reversed

the stand of the National Labor Relations Board.

The NLRB had asked for an order enforcing its ruling that Charles Waugh be reinstated with back pay as a chauffeur-routeman by the Rockaway News Supply Co. Inc., distributors of newspapers and magazines in Long Island.

"IT'S SO EASY TO PLACE A WANT AD."

Cop Hits Police

ROCHESTER, N. Y., May 15—(P)—Policeman Donald Dunce, driving his own automobile, struck a dog owned by Dunce's colleague, Policeman Patrick McDonald. The dog, named Police, is recovering.

Zoologically, a chimpanzee is a closer relative of a man than it is of a monkey.

IS YOUR CAR SAFE? Last year, 1 out of every 3 cars checked in a nationwide sample "Safety-Check" were in need of service attention to one or more parts affecting safe operation. With 55% of the cars in use today 8 years old or older, compared to 24% in 1941, it is doubly important for you to have your car "serviced for safety" at regular intervals.

Remember, your car carries priceless cargo—your family and your friends. The mounting traffic accident death toll makes it increasingly important that you exert every effort to keep your family and your car safe. We are ready to help. Drive in for a 10-point "Safety-Check" TODAY!

Spring Flower Show Planned By Washington Garden Club

Plans for the spring flower show sponsored by the Washington Garden Club already are beginning to take form although it is not to be held until June 5 and 6.

The theme of the show, which is to be in the Hotel Washington, is "Melodies in Spring."

The rules for the show have been drawn up and the classes listed by the committees which have been laying the foundation for the show for weeks.

The deadline for entering is 7 P. M. June 1. Advance notice of the

show date and the announcement that the classes have been listed were made far enough in advance for the exhibitors to start making preparations for selecting their entries.

The show is open to members of all garden clubs in the county and most of them are expected to accept the challenge.

All of the entries must have been grown in Fayette County, but not necessarily by the exhibitor, under the rules set down.

Two are for hybrid tea roses, one for climbing roses and another for any variety.

There are four classes for iris. Two of them are for bearded types, one for the Dutch variety and another for any variety.

Of the two classes for lilies, one is for the lemon and the other for any variety.

Ten classes are listed for perennials - columbine, both long and short spurred; delphinium; sweet rocket; memorial daisy; pyrethrum; bachelor button; Oriental poppy; Sweet William and any unusual flower.

THE ENTRIES are to be turned over to a committee which will place them among the other exhibits in accordance with previously mapped out plans for the displays. Each entry must have an entry ticket attached.

The morning of the opening day will be a busy one for the placing committee, for all entries are to be in place by 11 A. M.-that is when the curtain will actually be raised on the show.

Exhibitors are limited to one entry in each class. And, presumably so as not to distract from the flowers or distract the judges, specimen exhibits are to be made in bottles (syrup or catsup type) not more than 10 inches tall or with necks more than one inch in diameter.

Exhibits are to be left in place until 6 P. M. of the second day and, when they are removed the containers must be taken with them.

The show is to be in two parts - one for the garden club proper and the other for the Washington Junior Garden Club.

IN THE MAIN SHOW, there are to be five different sections for the specimens. In the section for peonies, there are seven classes, three for single, three for double and one for any other variety.

For the roses, there are only four classes, but they are broad enough to permit a wide variety

of climbing roses and another for any variety.

There are 50 classes in the artistic arrangement section and they cover a sufficiently broad field to give full expression to artistic talents.

The Junior Garden Show program follows the same general pattern as that laid out of the main show.

U. S. farm families receive about one-third of their total cash income from sources other than their farms.

ATTEMPTING TO RISE during the Chicago inquest in the shotgun slaying of his son, Anthony, Jr., Anthony Cirelli shouts in anguish, "They shot my boy!" He is restrained by Sgt. James Dorsey and Mrs. Marie Swiatek, whose son was with young Cirelli before the shooting. Louis Modesti was accused of the slaying. (International Soundphoto)

Chicken Prices Drop This Week

Other Food Costs Change but Little

By The Associated Press

Chicken prices fell this week as heavy supplies burdened many marketing areas. Reductions of as much as eight cents a pound brought prices to the lowest levels in several years at competitive retail stores in some sections.

Most pork items were on the way up, however, with loin cuts advancing two to 14 cents a pound. This uptrend is seasonal, since marketings of the fall pig crop are falling off and the new spring crop won't go to the butchers until autumn.

Except for localized specials in a few items, particularly steaks, rib roasts and pot roasts, beef was about unchanged from last week, as were veal and lamb.

Fresh produce presented a mixed price pattern. A little lower in many places were asparagus, broccoli, cucumbers, onions, peppers, radishes, tomatoes, cherries, and watermelons. Strawberries were getting into their season's low price range as shipments from California and Virginia increased.

BUT CABBAGE was higher, and so were beets, carrots, iceberg lettuce, artichokes and citrus fruits.

Chicken shipments, particularly broilers and fryers, are expected to average about 25 per cent higher this month than last May, and set a new monthly record in marketings.

The Department of Agriculture urged consumers to stress both chicken and citrus fruits in their shopping this week because of the plentiful supplies and thrifty prices. Asparagus also was high on the most-plentiful-foods list this week.

Fayette County To Get More Beds at Mt. Logan

Fayette County now has the privilege of using 15 beds in the Mt. Logan Sanatorium, the six county tubercular hospital at Chillicothe.

This institution, in which this county joined with five other counties in this part of the state many years ago in the expense of maintenance, recently opened its new 21-bed addition for tuberculosis patients, which entitled Fayette County to an increase of four beds over its former quota of 11.

There have been times when this county did not use its full quota of beds and other times when the demands here necessitated either holding Fayette patients on a waiting list, or sending them to another institution at extra expense. Fortunately this latter situation did not often exist.

Roy Thompson of Fayette County, now chairman of the board of trustees at Mt. Logan Sanatorium, following a meeting of the board at Chillicothe Wednesday, reported the institution as making definite progress and that the board members

felt every reason to believe that the new addition and some new equipment, enabled the management of the hospital to be in much better condition to meet the demands of the district for taking care of more patients.

Thompson said that the first Fayette County patient placed in the new addition was Glenn Baughn of Bookwalter. This county now has nine patients at the institution.

Whenever a county is not using its full allotment of beds, and there is demand for more beds than are available for other counties, such patients are placed in empty beds which any counties are not using at the time.

The trustees at their meeting Wednesday passed resolutions of thanks to the Pennington Bakery, Washington C. H., for furnishing cakes and to the Smith Floral Nursery here, for furnishing flowers for the tea which the Red Cross nurses of the six-county district arranged, as a part of the program on the official opening and visiting day program arranged by the sanatorium management on April 21.

This proved to be quite an event with several hundred visitors making a tour of the institution.

Fate of Building Still Undecided

R. W. Hays, city, who recently purchased at public auction, the Buena Vista school building and three acres or more of ground, has not yet decided whether he will sell the structure and land or convert it in to two apartments.

The structure contains a main floor with basement under the entire building.

It has a 73 foot front, with one

Washington C. H. Record-Herald

The Record-Herald Thurs., May 15, 1952 11
Washington C. H., Ohio

end of the structure 42 feet in width, containing two large school rooms, and the other part 22 feet wide.

A deep well which has never failed, is a feature of the property. Hays said Wednesday that if he does not sell the property soon he will start remodeling it for apartments.

Cop Beats Man In Akron Fight

AKRON, May 15—(AP)—A 22-year-old man grabbed a pistol from a policeman here Wednesday as the two fought before a large crowd.

The pistol was knocked 15 feet away in the struggle, however, and Patrolman George Molenaar finally battered the man unconscious and arrested him. He was held on an open charge pending questioning.

The fight started when the man refused to take the patrolman's advice to "go home and sleep it off." Molenaar said that when he started to arrest him he turned on the pa-

Delegates Called

39 Babies Born Here in April

29 of Them Boys And 15 Are Girls

There were 24 boys and 15 girls born in Fayette County during the month of April, according to reports from the recorder of statistics in the county health office.

A total of 41 births were registered during the month—two of them were delayed registrations. One birth occurred in 1933 and the other in 1946.

There were also 21 deaths reported during the month—two of them non-residents.

Of the 41 births recorded, 35 were born in the hospital and six at home. Ten of the births were to non-residents of the county — five from Clinton, two from Highland, two from Pickaway and one from Greene County.

New Washington C. H. parents and their children's names are listed below:

Mr. and Mrs. Jesse W. Matson, 1155 Rawlings St., a girl, Wendy Lou; Mr. and Mrs. Forrest Stevens, Jr., 607 East Paint Street, a boy, Charles Eugene; Mr. and Mrs. Sidney A. Graham, 802 Carolyn Road, a boy, Terry Andrew; Mr. and Mrs. George W. Kimmey, 826 Leeburg Avenue, a boy, William Brock; Mr. and Mrs. William V. Preston, 917 South North Street, a boy, Michael Allen.

Mr. and Mrs. Ronald E. Stephens, 1011 Cedar Street, a boy, Michael Allen; Mr. and Mrs. Willard Mitchell, 1026½ Willard Street, a girl, Hazel Marie; Mr. and Mrs. Glenn E. Moore, 610 South Fayette Street, a boy, Edward Eugene; Mr. and Mrs. Pearl H. Chamberlain, 406 East Paint Street, a boy, Pearl Randall; Mr. and Mrs. Richard L. Barger, 726 West Elm Street, a boy, Gregory Bruce; Mr. and Mrs. Russell Bondurant, 105 South Main Street, a boy, Terry Lynn.

Mr. and Mrs. Harvey R. Hart, 619½ Columbus Avenue, a boy, William Carroll; Mr. and Mrs. Ellsworth E. Wills, 413 Clyburn Ave., a boy, Raymond Eugene; Mr. and Mrs. Charles S. Cottrell, 314 Fountain Ave., a girl, Deborah Sue; Mr. and Mrs. Beryl Smith, 410 Lewis Street, a girl, Pamela Kay; Mr. and Mrs. Ralph L. Smith, 925 John Street, a girl, Ruth Ann; Mr. and Mrs. William Robinson, 708 Rose Avenue, a girl, Retha Mae.

THOSE PARENTS who live near Washington C. H. include: Mr. and Mrs. Clyde Ward, a girl, Roberta Lynette; Mr. and Mrs. Edward J. Wright, Sr., a boy, Edward Joseph; Mr. and Mrs. Harry E. Wolfe, a boy, Harold; Mr. and Mrs. James Baughn, Jr., a boy, James William; Mr. and Mrs. Thomas W. Skaggs, a girl, Martha Lucille.

Mr. and Mrs. Donald E. Anderson, a girl, Tonda Leah; Mr. and Mrs. Hugh P. Morarity, a boy, Hugh Patrick; Mr. and Mrs. Richard P. Rankin, a boy, David Richard; Mr. and Mrs. Robert E. Slusser, a girl, Carol Sue; Mr. and Mrs. Cecil E. Birchfield, a boy, Jimmy Dale.

The five Clinton County residents who had babies at Memorial Hospital were all from Sabina. They are: Mr. and Mrs. Louis H. Poole, a boy, Louis Hubbard, III; Mr. and Mrs. Jack S. Burris, a girl, Sherrie Lynn; Mr. and Mrs. Harold Tibbles, a girl, Ann Louise; Mr. and Mrs. Richard D. Rolfe, a boy, John

POLICE of Salisbury, Mass., are searching for two youths who viciously beat baby-sitter Shirley Hewlett, 14 (above), as she cared for a 4-year-old boy. She told police she admitted the pair when they knocked and said their car had broken down and wanted to use the telephone. (International)

Richard and Mr. and Mrs. Luther Hoskins, a boy, Jackie Lee. The two Pickaway County births at Memorial Hospital both residents of the New Holland community. They are Mr. and Mrs. Donald E. Adams, a girl, Janet Lynn and Mr. and Mrs. Charles G. Bryant, a girl, Toni Lee.

Two families who had children last month were from the Jeffersonville community. They are Mr. and Mrs. Robert T. Owens, a boy, Richard Dickson and Mr. and Mrs. Orville Sharpe, a girl, Helen Elizabeth.

Bloomington had one birth recorded, Mr. and Mrs. Charles C. Gibault, a boy, John Leslie; Leesburg registered one birth, Mr. and Mrs. William Delaney, Jr., a boy, Edward Stanley and Mr. and Mrs. Homer E. Dearth of Jamestown had a boy, Robert Earl.

Ohio Sewage Setup Studied

COLUMBUS, May 15—(AP)—The State Health Department says one million Ohioans live in areas with adequate municipal sewage treatment.

The survey checked municipal plants for physical condition and quality of operations including adequacy of plants for population served. It did not include rural areas.

The Ohio Water Pollution Control Board will consider survey results in issuing permits to municipalities for discharge of sewage into state waters. Ohio cities discharging treated or untreated sewage into Ohio waters must obtain a permit by Sept. 27.

Some earthquakes in the Mississippi Valley have followed heavy floods.

Lindbergh Trophy Collection In St. Louis Recalls Famous Atlantic Flight 25 Years Ago

By BILL BOYNE

St. Louis, Mo.—More than 75 million persons will have visited the Charles A. Lindbergh trophy collection here by May 20, the 25th anniversary of a flight that started a new age in aviation.

A world's hero worship is enshrined in the collection—medals, gifts, trinkets and mementoes from every state and almost every nation. They range from a lifetime membership in the National Association of Professional Baseball Leagues to the United States Distinguished Flying Cross and the Congressional Medal of Honor.

The collection contains virtually everything connected with Lindbergh's transatlantic flight except the plane — itself the Spirit of St. Louis — which hangs in the Smith-

sonian Institute in Washington, D. C. Even parts of that are here — an altitude meter and a quart of oil drained from the engine after the plane landed in Paris.

The flying suit which Lindbergh wore on the New York to Paris flight is kept in a separate case along with a pair of boots which he designed himself when he was unable to buy a pair sufficiently light for his purposes.

Visitors to the collection, which is housed in the Jefferson Memorial in Forest Park, can trace the route of the famous flight on the very chart which Lindbergh used. The route is sketched on the chart in a precise semicircle ending at LeBourget field, Paris.

ONE ITEM in the collection was

worth \$25,000 to Lindbergh — the Raymond Orteig award which led him to undertake the flight.

Orteig offered in 1919 a prize of \$25,000 to the first man to fly non-stop between New York and Paris. The thought of attempting the flight occurred to Lindbergh one night in the fall of 1926 when he was flying an air mail route.

Lindy obtained backing from nine prominent St. Louisans, ordered construction of a Ryan monoplane, and a few months later the prize was his.

The certificate of award records that Capt. Charles A. Lindbergh completed the flight on the "21st day of May, 1927, after a flight of 3,600 miles in an elapsed time of 33 hours and 33 minutes at an average speed of 107½ miles an hour."

Part of the collection, not open to the public, is being preserved for future historians. It includes Lindbergh's own log of the flight, his correspondence with backers of the venture, and hundreds of letters and telegrams bearing on the

construction of the Spirit of St. Louis.

Miss Esther Mueller, custodian of the collection, said Lindbergh has requested that these papers be withheld from publication until after the death of those concerned.

In addition to the papers and flight, the collection includes hundreds of gifts to the flyer-hero.

SOME OF THE gifts are highly irrelevant — a kayak from Greenland, a knife belt from Alaska, a pillow case crocheted by an 80-year-old admirer in San Diego, Cal., and a portrait made from a tobacco leaf by a Cuban artist. Some of the gifts honored Lindbergh for his later flights.

There are keys to dozens of cities and medals, scrolls, and tributes from foreign governments around the globe.

Flanking the entrance to the collection are oil paintings of Lindbergh's mother, Mrs. Evangeline Lodge Lindbergh, and his father, Charles A. Lindbergh, Sr., congressman from Minnesota in 1908.

The collection was started by the

Missouri Historical Society as a 10-day exhibit beginning June 25, 1927. After 80,000 persons visited the collection in that period, Lindbergh permitted the society to display the trophies for "an indefinite period."

They have been on display ever since, and the crowds are still growing.

Lawyer Attempts To Beat Tax Again

CLEVELAND, May 15—(AP)—Fred N. Acker, who claims present income taxes are confiscatory, is at odds again with the federal government.

A tax claim asking \$228,806 for the years 1939 through 1946 was filed in federal court Tuesday against the 55-year-old lawyer and businessman. Acker lost the last round, spending seven months in prison in 1950 for failing to file a return for 1946.

Fire In Museum Brings Lawsuit

COLUMBUS, May 15—(AP)—Haig M. Boyajohn and Associates of Columbus, and the Art Metal Construction Co. of Cleveland were named defendants in a suit filed Tuesday by the Ohio State Archaeological and Historical Society.

The society seeks \$100,064 in damages to books and manuscripts in a fire in Ohio State Museum, June 12, 1951. The two construction firms installed stack rooms and shelves at the museum in 1950. The suit charges that welding sparks ignited a tarpaulin while workmen were at lunch.

Although rocks of the Cambrian geological era, are the first in which fossils appear in abundance, enough fossils have been found in rocks of previous ages to indicate that life existed on earth before that time.

Coach Pierson Still Considering Offer of Marietta Post

Final Decision Withheld Until Contract Studied

Fred Pierson, head football coach at Washington C. H. High School since 1941, today was faced with making the "most difficult decision in my life"—whether to resign his position here and accept the offer of a similar one at Marietta High School or to "stay here with my friends and the kids I have known ever since they started to school."

He was picked from a list of 82 applicants for the Marietta post by the board of education there at a meeting Wednesday noon. The action of the board was reported prematurely and the bulletined story was carried on the Associated Press wire. That report reached the Record-Herald at 2:55 P. M. Pierson could not be located immediately for comment, but Supt. Stephen Brown said when notified that he did not know anything about it.

Ten minutes later, when Supt. Brown got in touch with Pierson, he said Pierson told him he did not know anything about it either.

THE PREMATURE report said Pierson had signed the contract that called for a salary of \$4,300 a year to coach football and basketball.

Pierson's reply to that was "how could I have signed the contract when I have not even seen it... and the board only took action three hours ago."

Wednesday night, Pierson telephoned the superintendent at Marietta and asked for more details. He said he admitted the report had been released prematurely and said he would mail to Pierson the contract with an explanatory letter immediately.

Pierson said he would not decide whether to accept or reject the offer until after he had studied the contract. He added that he planned to go to Marietta Saturday to talk the situation over with the school authorities there.

He said he had until the first of next week to make his decision.

Pierson repeated what he had said more than two months ago in giving the background. In substance, it was that he had talked casually about the position, which had been left vacant through the resignation of the Marietta coach, with the school athletic director, Frank Sutton, at the district basketball tournament last winter.

He said the matter had been dropped after that and he had given it no more thought.

PIERSON IS NOW drawing a salary of \$4,200 a year as the athletic director of Washington C. H. High School. But that does not tell the whole story; the salary is spread over several assignments which are broken down in the contract with specific salaries for each duty. They include such as three coaching jobs—football, baseball and junior basketball—and physical education both in the high school and through the elementary schools. Extra duties also take in the elementary kids basketball league.

So, the basic salary difference between the two positions, here and at Marietta, is not so great. The Marietta salary, however, could be increased with added duties, he pointed out; this is one of the clauses in the contract Pierson said he wanted to study before making his decision.

Pierson came to Washington C. H. in 1941 and the Lions that year won the SCO League championship. He took a leave of absence the next spring to enter the service and did not return until after the war in 1946. That fall he was back on the gridiron with the Lions. Last fall, his team won another SCO League title with an undefeated season.

The boys who played football under Pierson last fall and those who had expected him to be their coach in the years ahead, are upset emotionally over the reports that he is about to leave here. Within an hour after the Record-Herald hit the streets Wednesday after-

Bowling Averages For Season Figured

Now that the bowling season here has come to an end after a slambang winter season at Bowland, plans already are being laid for a resumption of the alley sport next fall.

Averages have been compiled on the year's bowling scores for 200 men who rolled in the five leagues by Tony Capana, who has served as a sort of coordinator of the activities at Bowland.

The averages serve a more important purpose than merely to create arguments and inflate (or deflate as the case may be) personal pride in achievement; they are to be used in computing the handicaps for next season.

The handicaps, incidentally, are important because most of the league matches are rolled on a handicap basis.

Here are the averages of the 200 regular bowlers:

B. Carman	187	H. Zeigler	160

Mexican Trips Carter To Win World's Lightweight Crown

LOS ANGELES, May 15 — (P)—New York's Jimmy Carter won the lightweight championship in an upset. He lost it the same way Wednesday night. And so the boxing world greeted a new ruler of the 135-pound division—Lauro Salas of Monterey, Mexico.

Just as 28-year-old Carter captured the crown with a surprise 14-round knockout over Ike Williams last May 25, so did Carter create a surprise by dropping it to his 24-year-old rival, a comparative unknown in title circles, in 15 rounds here.

The decision was a split one, but the fact remained—the new champion is Lauro Salas, a youngster who, like Carter not too long ago, was getting nowhere in boxing until he was ushered into the title picture.

If there was divided opinion among the officials — the referee called the fight for Carter, the two judges overruled him — certainly there was nothing but international joy stretching from Los Angeles.

Jeff Is Nosed Out By Jamestown Team

Jeffersonville's Tigers were nosed out, 3 to 2, at Jamestown Wednesday afternoon as the high school baseball season approached the windup.

It was a battle between the pitchers, Coppock of Jeffersonville and Bell and Fawley of Jamestown.

Both teams played fast and fairly clean in the field; each team made but two errors and they were not too expensive.

Cornell held the Jamestown boys to three hits, but they were good for as many runs.

Had the Tiger offense been up to par, the Jeffersonvillians could have taken the game, but they were held to two hits and were unable to take advantage of their opportunities.

Seven of the Tigers went down via the strikeout route and only four got free tickets to first on balls.

Cornell fanned three and gave four walks.

After the Tigers had taken a 2-0 lead in the second, the Jamestowners tied the score in the fourth and then put across the winning tally in the sixth.

The defeat was only the third of the season for the Tigers. They have won five on their regular schedule.

The Tigers are to meet the Mt. Sterling outfit at Jeffersonville, Friday in what may be the last game of the season.

Hillsboro Calls Off Baseball Game Here

The Lions of WHS today were at the end of their baseball season with a game with Frankfort High

Novi Specials Eyed In Trials For 500 Race

INDIANAPOLIS, May 15 — (P)—A possible record-cracking attempt by the V-8 Novi Specials will be one of the major attractions Saturday in first qualifying runs for the 500-mile auto race May 30 at the Indianapolis Motor Speedway.

The management expects such a turnout of speed fans that it warned drivers it might have to close the track a couple of times to add surface routes to the entrance tunnels.

The first day of time trials last year attracted a crowd that appeared about half the size of the Memorial Day turnout. The race attendance never is announced but is estimated up to 180,000.

The 550-horsepower Novis twice have set the track qualifying record, but never have won the race. The late Ralph Hepburn set it at 133.944 miles an hour for 10 miles in 1946. Walt Faulkner upped it to 134.343 with an Agajanian Special in 1950.

The new Comings diesel special, which has been proved the fastest diesel ever entered in the race, also is a possible record threat with Freddy Agabashian of Albany, Calif., at the wheel.

Tony Bettenhausen of Tinley Park, Ill., 1951 national AAA race champion, is a probable qualifier Saturday in the Belanger '99' in which Lee Wallard won the last "500." Wallard has not recovered from burns suffered in a racing wreck at Reading, Pa., four days after the 1951 Indianapolis race.

Qualifications to reduce the field of 70 entries to 33 starters will be held the next two week ends.

School's aggregation at Wilson Field here Thursday afternoon.

The playoff of the postponed games with Hillsboro's Indians blew up when Hillsboro High School authorities called to cancel the game that was to have been played here Wednesday afternoon. The action, they said, was taken because the team had to be disbanded for the season after disciplinary measure had been imposed on several of the players.

Nancy Grimm Wins At Lebanon

LEBANON, May 15 — (P)—Nancy Grimm, owned by P. M. Holsfel-ler of Farmersville, won the fifth and eighth races at the Lebanon spring harness racing meet Wednesday night to win an \$800 divided purse.

The long shot winner of the evening was Widow Belle, driven by Lou Huber Jr. and owned by Holtz-muller. She paid \$19.20.

The daily double of Argo Scott and Ensign Scott paid \$220. Argo Scott, driven by Howard Beissinger and owned by the Ohio Valley Stable at Hamilton won the first race, paying \$3. Ensign Scott, the property of C. H. Bowen of Columbus and driven by Harry Short, paid \$9.

My Horse Chalks Yonkers Record

YONKERS, N. Y., May 15 — (P)—A new mile pacing record is on the Yonkers Raceway books following a 2:02 performance by Anthony J. Richards' My Horse of Butler, Pa.

The five-year-old son of My Vol-stadt clipped two-fifths of a second off Good Time's track record Wednesday night in winning the Grand Circuit feature by five lengths over Choice Hanover.

Roy Miller, Sulky Master, Is Dead

LEXINGTON, Ky., May 15 — (P)—Roy Miller, 77, for many years a figure in Grand Circuit racing, died here Wednesday.

Miller followed his father, the late Guy Miller, into the trotter and pacer business and for many years raced successfully on the Grand Circuit. He operated a public training stable here.

At one time he was associated with Walnut Hall Farm and was the first manager of night race meetings at Roosevelt Raceway on Long Island.

Joe DiMaggio, who hold the major league record of hitting in 56 consecutive games, hit in 61 straight games in the Pacific Coast League in 1933.

Madison Mills Awards Made

Achievement Day Ceremonies Held

A large number of special awards were presented to students of Madison Mills School during their annual achievement day ceremonies at the school Wednesday afternoon.

Milford Barker, superintendent of the school, presented June Boyd and Roger Dorn with the coveted "Americanism" award. The award is presented to the boy and girl, who are outstanding in their work toward a better understanding in the world today.

Special pins and awards were given to the different members of the 12 classes for scholarship in commercial, library work and band work.

Flo Castle and Betty Case were the two seniors who received bars for outstanding work in commercial and library work during the year. Lavonne Clark, June Boyd and Patsy Winfough were juniors who received scholarship awards for their work. June received an award for commercial work, Patsy was outstanding in commercial and library work and Lavonne received awards in commercial and senior band work.

OTHER JUNIORS who received awards for having the highest scholarship in their class were: Sybil Brown for senior band work, Roger Dorn for commercial and band scholarship work, Joe Pope for commercial and senior band work, and Ann Smith for commercial and band scholarship.

Gordon Woods, Norma Delay, Ruth Landrum, Martha Miller and Garry Hidy received awards for outstanding work and scholarship in commercial subjects.

Sophomores who received honors were Gene Hinkleman for scholarship, Delores Ford and Dean Boyd for library work.

Patricia Redding received the freshmen award for outstanding scholarship.

Scholarships for the first eighth grades went to: Joyce Smith and Norma Jean Elliott, first grade; Barbara Peart and Sharen Stern, second grade; Harriett Butcher and Wilma Beatty, third grade; Carol Grimm and Janet Skaggs, fourth grade; Linda Delay, Bobby McGroff and Patty DeWitt (the latter two tied for the honor), fifth grade; Carol Fryer and Eugene Dailey, sixth grade; Ellen Belt, scholarship and senior band, seventh grade and Danny Schlichter, eighth grade. Charles Butcher, second grader, received the school spirit award. Ribbons won at the recent county school field day and track meeting at Gardner Park were presented to the winners of the different events.

Rev. Francis McCarthy, pastor of the First Baptist Church in Washington C. H., gave the main talk of the afternoon.

"The Best Things in Life Are Free," was the topic which Rev. McCarthy discussed. He told the assembled students that there are many other things in life which persons find worth more than money. "It's the little intangible things that one remembers most," he said.

Senior band members and junior band members who also received special recognition during the ceremony. The members of the bands include:

SENIOR BAND—Patty Morris, Gail Groff, Kay Cohen, Jimmy Clark, Mary Hollar, Carol Fryer, Jackie Alspaugh, George Elliott and Nondine Rinehart.

JUNIOR BAND—Gerald Stillings, Bob Belt, Wilma Webb, Virginia Thompson, Irene Leveiner, Terry Stillings, Nancy Douglas, Anna Lee Fry, Carol Grimm, Carolyn Williams, Patricia Redding, Margaret Merriman, Jim Hollar, Marcella Meade, Ronnie Ford and Justice Custer.

Project Tour Planned By Marion Marvels

The Marion Marvels discussed the coming events on the 4-H club calendar and talked about the demonstrations that are to be given at the Fair when they met at the Marion School with their advisor, Robert Klever.

The club also made plans for a project tour and a picnic to be held in the near future. Dick Klever was appointed news reporter.

The next meeting is to be held at the school on May 26.

Kemp Allemang, the vice president, presided at the meeting.

Because a straight line in an architectural structure will appear to sag, designers often provide a slight arch for such lines.

Council Meeting

(Continued from Page One)
no parking on the east side of North North Street from Court Street north to the corporation line, which had been read twice, was carried over until the next meeting.

A resolution accepting a bid of 2½ percent interest on a \$4,000 note, made by the Washington Savings Bank, was adopted.

An ordinance to appropriate \$500 from the general fund to the building maintenance fund, was passed.

An ordinance to appropriate \$3,500 from the motor vehicle license fee fund to pay material bills, was adopted.

ANOTHER ordinance providing 15 minute parking in front of the Post Office grounds between the hours of 7 A. M. and 6 P. M. was passed.

The safety service committee also recommended that 15 minute parking be put into effect on the Hinde Street side of the Post Office grounds, with two parking places left vacant for a curb mail box to be placed on the Post Office grounds near the sidewalk intersection.

A resolution was adopted to advertise for bids for removal of a residence property and other buildings from the city park on Millikan Avenue.

A letter from James Chakkers asking that the city amusement tax of three percent on moving pictures be abolished, brought the statement that the city needed the income and that until other income is provided, the tax must remain in effect.

A resolution was adopted to place a street light at Briar and Oakland Avenues.

CHAIRMAN CLARKE asked if the finance committee had anything to report. City Manager Hill stated that the problem was being studied and part of an ordinance drafted for a payroll tax.

Hill said a number of people had voluntarily approached him for such a measure.

Kenneth Warner, Campbell Street, asked what had become of a request for a water main extension on that street, submitted several years ago.

Fire Chief George Hall said a resolution had been passed for a two-inch main on that street, but it had never been installed by the water company.

Mention was made of a bill for \$275, presented by William Summers, for several trees cut down by the street crew, on property which Summers had leased from the B&O Railroad.

It seems that a B&O official had given permission for the trees to be cut, not knowing of the lease held by Summers. No action was taken on the matter.

Councilman Van Voorhis asked about the law regulating the bumping of freight cars across Dayton Avenue. The law is to be looked up before action is taken.

Request for flash warning lights on the DT&I at the Oak Street and Elm Street crossings, was referred to the safety service committee.

The matter of an ordinance regulating the height of signs and awnings was brought up, but no action taken.

McCarthy Hearing

(Continued from Page One)
staff. He said he felt that he had been "more or less kicked around" by the staff.

The subcommittee is holding hearings on a resolution by Sen. Benton (D-Conn) aimed at unseating McCarthy.

Specifically under inquiry is Benton's accusation that McCarthy violated senatorial ethics by accepting \$10,000 for an article on housing from the Lustron Corp., which went into bankruptcy after heavy borrowings from the government.

McCarthy says his acceptance of the money was entirely proper. He has filed a \$2 million libel suit against Benton and asked a Senate investigation of the Connecticut legislator.

MEANWHILE, it was recalled that a Columbus real estate dealer testified at a bankruptcy hearing in federal court in Columbus, Ohio, last year that a pamphlet on housing written for Lustron by McCarthy was actually written by Wideman.

Bob Byers, a Columbus real estate dealer, testified at his \$500,000 bankruptcy hearing Aug. 1, 1951, that Wideman, a Byers publicist at the time, wrote the pamphlet on housing for which McCarthy was paid \$10,000.

Byers testified that an agreement with Lustron called for a fee of "\$10,000 to \$25,000" to be split three ways between McCarthy, Wideman

Bookwalter School Puts on Operetta

Patrons of the Bookwalter School today were still talking enthusiastically about the Dutch operetta, "A Little Bit of Holland" that was presented by the pupils.

The operetta was under the direction of Mrs. Mary Jean Schwaigert and was put on in a colorful atmosphere of gay costumes and bright spring flowers and against a picturesque backdrop of art work depicting a street scene in Holland.

Pupils in the cast were Richard Thornberry, Ronald Lansing, Thomas Whiteside, Linda Huff, Shirley Bayes, Annette Hidy, Beverly Butcher, Joanne West, Larry Park, Carol Wilson, Thelma Rayburn, Faye Whiteside, Marian Snyder, Rose Ellen Holloway, Sandra Snyder, Betty Martindale, Elaine Wilson, Dale Wilson and Benny Bayes.

A vocal duet, "The Little Dutch Garden," was sung by Eleanor Orr and Mildred Murnahan, with Mrs. Schwaigert playing the accompaniment.

The stage scenery was painted by Mrs. Hazel Tornett.

Junior Leadership Club Holds Meeting

Both of the Fayette County Junior Leadership 4-H clubs met in the Farm Bureau auditorium to exchange ideas and plans for helping the other 4-H clubs in the county.

The older leadership club acted as host to the newly formed group.

Albert Cobb, associate county agent, spoke on the duties and work of the leadership with the other clubs and their work at the county Fair this year. He also told the members of the work they will have an opportunity to do at the 4-H camp this summer.

Following the general meeting the two clubs were broken down into smaller groups of five or six to discuss special problems and ideas.

Afterward a panel discussion with one representative from each group held a 15-minute discussion.

During the evening the members played games and danced. Following the business meeting refreshments were served by Ann Taylor and Dean Wickensimer.

The remainder of the evening was spent square dancing.

and Byers, who was to act as an adviser.

Byers said, however, that he did not receive any money from the pamphlet venture.

Wideman said he telephoned McCarthy from Columbus shortly after he was served a subpoena.

HE TOLD McCarthy, he said, that he was scheduled to make a speech Tuesday and asked McCarthy if he thought it would be possible to obtain a postponement of his appearance as a witness.

McCarthy advised him to be on hand promptly as directed by the subpoena, Wideman said.

"Did you discuss anything in regard to your testimony?" asked Sen. Hennings (D-Mo.).

"No, sir," Wideman replied.

"Nothing whatsoever?" asked Hennings.

Wideman said nothing except that McCarthy asked if he knew who was being subpoenaed. He said the senator also asked if Byers was coming to Washington.

Carl G. Strandlund, who headed Lustron's ill-starred venture into the prefabricated housing field, and Lorenzo Semple, former Lustron vice president, testified Wednesday they thought it was worth \$10,000 to have McCarthy write his disputed article.

In the last 30 years more than a thousand commercial varieties of fruits and nuts have been introduced.

The Old Home Town

Silver Thimble Plans Bake Sale

Members of the Silver Thimble 4-H club spent part of their meeting making plans for a bake sale to raise money for the club's treasury. They met at the home of Mrs. O. E. Bush, the club's advisor.

They discussed different types of material they plan to use for their dress making projects.

Each girl brought to the meeting a couple of muffins she had baked at home. Mrs. Norma Campbell, county home demonstration agent, tested the muffins for texture, quality and taste. She also checked over the girls' project books.

Marcia Fletcher and Peggy Wilson were delegated to draw posters for the club's bake sale to be held at the First Federal Loan Association office on Saturday, June 7.

Clara Mathews, Charlotte Smith and Donna Mathews are to distribute the posters in the different store windows.

Four members of the club said they definitely were going to the annual 4-H club camp at Camp Clifton this summer. A couple of other members were still undecided.

The members are planning to have a safety program as one of the highlights of the next club meeting at the home of Rosalyn Marting, Tuesday, May 27.

Staunton Bugaboos Pick Club Officers

Jerry Ivers is the new president of the Staunton Bugaboo Gardeners 4-H Club.

He was elected, along with other officers, at the club's last meeting at the home of Macky McDonald. Kenneth Van Dyke was chosen for the vice president; Dale Wilson, the secretary-treasurer and Lawrence Roush, the reporter.

The boys talked about getting softball suits and forming a team and Howard Boggs described the suits under consideration.

They voted to hold their meet-

DOWNTOWN DRUG

ing every other week. The next one is to be at the home of Jack Pavey on May 26.

Mrs. Matt McDonald is the advisor and Joe Wilson the assistant advisor.

Refreshments were served after the meeting by Mrs. McDonald and her daughter, Barbara McDonald.

The club is made up of 16 boys between the ages of 10 and 17 years. On the roster now are Howard Smith, Kenneth VanDyke, Ronnie Van Dyke, Carl Wilson, Dale Wilson, Howard Boggs, Kent Self, Dick Brannon, Gary Iver, Buddy Salver, Bobby Kimmey, Donnie Shields, Jack Pavey, Daryl Bailey and Lawrence Roush.

Rites For Infant

Committal services are to be held at the Washington C. H. Cemetery Thursday, for Kenneth Dale Hilderbrant, infant son of Mr. and Mrs. Kenneth Hilderbrant, of Clinton County. The Gerstner Funeral Home is in charge.

Infant Is Buried

Committal services were held at the New Holland Cemetery, Thursday at 10 A. M. for Howard Shiltz, Jr., infant son of Mr. and Mrs. Howard Shiltz, of New Holland. The services were conducted by Rev. Clarence Timberman. Interment was in charge of the Kirkpatrick and Son Funeral Home.

Sunburst Staff Holds Banquet

For the first time anyone can remember, the annual Sunburst staff of Washington C. H. High School held a banquet for the members of the staff and the advisor.

The banquet, sponsored by the junior members of the staff in honor of the senior members, was held at Anderson's Drive In Wednesday evening.

Preceding the dinner, Becky Waters, co-editor of the Sunburst, presented Jack White, faculty advisor, with a gift from the graduating members of the staff. In the package was photo equipment for his camera and darkroom.

White thanked the group for the gift and told how much he appreciated working with the senior members and how he hoped the undergraduates would come up to their standards of work.

Paula Sperry, junior art staff member, prepared the placecards which depicted the work done by the members of the staff.

Senior members of the staff for this year are: Janet Parrett and Becky Waters, co-editors; Paddy Boso and Harriett Cunningham, advertising managers; Shirley Riegel, art editor; Ruth Sexton and Jody Shope, art assistants; Marilyn Cunningham, activities editor; Nancy Kimmy, assistant activities editor; Barbara Barger and Ruth Ann Brookover, typists and Bob Beatty and Bob Cullen sports editors.

Acton Is Named One Of Officers

The Southwestern Ohio County Auditors Association was formally launched at Wilmington Wednesday and Fayette County Auditor Ulric T. Acton was elected secretary-treasurer of the organization.

Fifteen auditors out of the 22 counties in the district, were at the meeting held in the Clinton County Court House.

Earl Kincaid, Clermont County Auditor, was named president; Francis Longbrake, Logan County Auditor, was named first vice president, and R. H. Smith, Butler County Auditor, was elected second vice president.

Various problems confronting the auditors were discussed at length, and concerted action planned where possible to obtain proper results.

Most ancient chariots are open at the back, but the ancient Irish used a type which was open at the front.
